

CLEVELAND WINS OPENING GAME FROM BROOKLYN

Outplays the National League Team in all Departments

SPEAKER'S FIELDING FEATURES CONTEST

NEW YORK, Oct. 6.—The Cleveland American League club decisively defeated the Brooklyn Nationals by the score of 3 to 1 in the initial game of the 1920 world series here this afternoon.

The victory, which was far more impressive than the score would appear to indicate, was won by perfect team play, sparkling with brilliant work.

The opening contest was witnessed by a throng that tested the normal precincts of the Ebbets field. According to the official figures of the National Commission 23,573 persons paid admissions while at least another thousand can be added.

The gate receipts were announced at \$79,049. In both attendance and gate receipts these figures surpass the best individual game record made at Brooklyn in the series of 1916.

The game was played under conditions far from being ideal for baseball. A chill north wind blew out of a cold gray sky and the temperature was reminiscent of football rather than America's great summer sport.

The high wind also played havoc with the fielding of fly balls, of which there were an unusual number. The gale carried the falling sphere in wild spirals which caused the waiting fielders to circle about under the ball like a retriever locating a wounded bird. It was this inability to judge properly the direction of the descending ball that paved the way for Cleveland's first score.

Winner's Play Superior

Both team and individual play of the winners was superior to that of Brooklyn. Coveleskie pitched a masterly game and held the opposing batters in check throughout the contest. He was backed by perfect fielding of both infield and outfield. Sewall played a remarkable game at short, showing absolutely no signs of nervousness such as might have been expected of a youngster thrown into a world's series under the conditions which marked his debut.

Manager Speaker in center field proved a barrier beyond which it was almost impossible to drive the ball and made sensational catches far to the right and left of his normal position with an abandon which brought cheers even from the most rabid of the home team followers.

Catcher O'Neill, with his two timely run-scoring doubles, was the star batsman for the victors.

For Brooklyn the feature play of the game was Griffith's catch of Speaker's terrific drive to right field in the fifth inning. It appeared to be a certain extra base hit but Griffith started back with the crash of the bat and ball and when he reached the retaining wall, springing high up against the concrete and caught the ball in one hand, fully ten feet above ground.

Marquard Was Easy

Cleveland batters found Marquard easier to hit than either Marmorek or Cadore. The Indians failed to get a runner on first after the close of the fourth inning. Manager Robinson of Brooklyn tried every artifice of baseball to turn the defeat into victory in the closing innings sending two pinch hitters into the game without effect. Coveleskie held his own at all times against the three twirlers used by Brooklyn.

A comparison of pitchers in the first game of the world's series shows that Coveleskie of Cleveland threw the ball up to the batter only 85 times in nine innings, while the total for his opponents was 112.

Coveleskie was much steadier than Marquard or Marmorek. Coveleskie threw 24 balls. Marquard 31. Marmorek 9 and Cadore two, while their respective totals for missed strikes were 22, 21, 10 and 1. The Brooklyn batters fouled off nine pitches for strikes and the Cleveland men 14.

Only six Cleveland men went out on flies, while 11 Brooklyn batters went out by the air route. Each side had 13 men grounding out. Marquard never pitched less than 10 balls an inning. Coveleskie's record in the seventh and eighth innings was 11 each.

The player's fund is divided, 75 per cent to the members of the two teams participating in the world's series and 25 per cent to go into a pool to be divided among the players of the teams which finished second and third in the National and American leagues.

Chapman's Widow Will Share

The Cleveland players have voted a full share of their portion of the receipts to be divided among them to the widow of Ray Chapman, the shortstop who was killed by a pitched ball in a game (Continued on Page 3.)

EVIDENCE WILL INDICT SEVERAL NATIONAL LEAGUERS

Probable Evidence Given Will Cause New In- dictments

GLEASON SAID LAST SOX TRIP SUSPICIOUS

CHICAGO, Oct. 5.—Evidence which officials in the state's attorney's office said would result in the indictment of several National League baseball players was given the Cook county grand jury today by players, and club officials who testified in the inquiry into the baseball scandal.

The jury adjourned after today's session subject to call and is not expected to reconvene until after the world's series.

John McGraw, manager of the New York Giants; Charles Stoneham, president of the club; Benny Kauff, outfielder; Larry Doyle, second baseman; Fred Toney, pitcher, and Trainer MacKall; Hughie Jennings, Detroit manager; Jean Dubuc, Toledo pitcher, and "Kid" Gleason, Chicago White Sox manager were the witnesses.

The New York's testimony centered about activities of Heinie Zimmerman and Hal Chase in connection with alleged game "throwing" and tended McGraw said, to clear Kauff and Toney of participation with any crooked work.

Kauff and Toney Approached

Kauff and Toney told the jury of offers made them by Zimmerman to "throw" games. Each said he refused the offer and reported it to McGraw and Stoneham. The latter two confirmed the testimony of the players.

Zimmerman's offer to Kauff was \$125 a game with an increase if the outfielder proved adept at losing, Kauff testified.

Jennings was questioned, concerning bets alleged to have been placed in Detroit on the Chicago-Philadelphia National League game of August 31, but told newspapermen he had been able to supply little information.

MacKall denied that he had seen anything to indicate crooked work among the Giants' players.

Gleason said there were some things in connection with the last eastern trip when the team slumped badly, which looked suspicious.

Dubuc gave the jury a telegram he said he received from Bill Burns, former Major league pitcher, telling him to bet on Cincinnati in the world's series. He said he had been informed prior to the series that it was "fixed" for Cincinnati to win.

WILL PROSECUTE
VIOLATORS OF
ELECTION LAWS

Judge Crowe So States His
Position as to Vi-
olators

LOWDEN REFUSES TO
MAKE COMMENT

CHICAGO, Oct. 5.—On the eve of announcement of returns in the official count of ballots cast in the Illinois primary, Judge Robert E. Crowe, Republican nominee for state's attorney of Cook county, issued a statement declaring that if elected he would prosecute anyone, regardless of their official position who conspired to violate the law in connection with the primaries.

"It is openly charged in many quarters that there is a plot to rob the Republicans of Illinois of their right to vote for the candidates of their choice," said the statement. "I warn these men who apparently would commit a crime in their mad efforts to rule or ruin. I shall, if elected perform my full duty regardless of the previous high standing of the malefactors."

Judge Crowe had the support of Mayor William Hale Thompson of Chicago in the primaries.

Governor Frank O. Lowden, who supported the opposition ticket, tonight refused to comment on the statement.

The state canvassing board meets to-morrow at Springfield and at the same time Judge James T. Burns of the Cook county court is expected to announce his decision on the petition filed by attorneys for John G. Oglesby, Lowden candidate for the gubernatorial nomination, charging fraud in more than 300 Cook county precincts in the primary.

THREE NEGROES
LYNCHED BY MOB

McClenny, Fla., Oct. 5.—Three negroes, Ray Field and Ben Givens, and Milton Smith arrested in connection with the murder of John H. White, a farmer were taken from the county jail last night and lynched. A fourth negro, Jim Givens, a brother of Ben Givens, and who is said to have done the shooting is being pursued by a posse.

SENATOR HARDING CONFERRED WITH LEADERS OF PARTY

Plan Another Speak- ing Tour to Start Soon

HOOVER WILL SPEAK FOR TICKET

MARION, Ohio, Oct. 5.—Senator Harding put in a strenuous twelve hours today conferring with his party leaders, preparing addresses to be delivered later in the week and clearing away details of headquarters business preparatory to his departure to-morrow on his western campaign swing. The trip which will take the nominee to Des Moines, Iowa, Omaha, Nebraska, Kansas City, Mo., and Oklahoma City, Oklahoma will be followed by two others into the eastern and political border states.

In long talks during the day with Will H. Hays, Republican national chairman and Harry M. Daugherty a member of the executive campaign committee the nominee reviewed the general political outlook and considered many details of campaign management. One of the subjects discussed was the eastern trip to be undertaken about October 20.

The only eastern date so far definitely announced is October 21, when the senator will speak at Buffalo, N. Y.

May Not Visit New York City

It was indicated that there was a possibility that the candidate would "not" visit New York City, although it previously had been expected he would speak there. Both Mr. Hays and Mr. Daugherty expressed perfect satisfaction with the campaign situation, reiterating their previous predictions that one of the largest majorities in the nation's history would be recorded for the Republican ticket.

Mr. Hays declared the Democrats were preparing to concentrate on the league issue because they had failed to make headway on any other and that President Wilson had assumed active leadership of this party for the final month of the campaign. The chairman asserted the willingness of the Republican organization to face that situation and Senator Harding revealed that in his speech at Des Moines on Thursday he intended to deal further with the league issue.

May Reply to Wilson

It was indicated that he might make reply to some of the arguments used by Mr. Wilson in the latter made public Sunday at the White House.

It also was made known that Herbert Hoover's active work for the Republican ticket would begin next Saturday night with an address at Indianapolis. On Oct. 14, he will speak at Topeka, Kans., and although he has been an advocate of the treaty's ratification Mr. Hoover is counted on by his party's managers to support without qualification, Senator Harding's position on the issue.

Senator Harding will start his western trip tomorrow arriving at Chicago at 5:40 p. m. he will go to a hotel for rest and to confer with Republican leaders and will leave for the west at 10 p. m.

The Des Moines meeting will be 10:30 Thursday morning and on Thursday night he will speak at Omaha. He will not reach Marion on the return trip until after noon Monday.

FOREST FIRES
IN WISCONSIN

GREEN BAY, Wis., Oct. 5.—A forest fire near Oneida, about ten miles southeast of this city, is said to be raging, and gaining considerable headway in a strip of land two to three miles in length. Fires are also reported in a large tract of strip land at Keshena, about thirty miles west of here. Marshfield reports a fire raging in a marsh near there. Passenger train crews, it is said have been forced to light the lamps in their coaches because of dense smoke when they pass thru the fire area.

The unusually dry weather or the past month has made fires frequent.

PREDICTS LANDSLIDE
FOR HARDING

Chicago, Oct. 5.—Will H. Hays, Republican national chairman, predicted a landslide for Harding in a statement issued here today.

Harding will carry all the New England states, he said, "and New York, New Jersey, Pennsylvania, Delaware, Maryland, West Virginia, Ohio, Michigan, Indiana, Kentucky, Wisconsin and Illinois and he has a good chance to carry Tennessee and North Carolina. West of the Mississippi he will carry every state but Arkansas, Louisiana and Texas, and Texas just now is a doubtful state."

SPRINGFIELD, Mass., Oct. 5.—Bishop Thomas B. Beven, for 28 years head of the Roman Catholic diocese of Springfield, Mass., died today of heart disease. He had been able to attend to his duties until within a day or two. He was 82 years old and a native of this city.

FIRE DESTROYS
SUNDAY SCHOOL
CONVENTION HALL

Fire Starts from Defective
Electric Wiring

NOT KNOWN WHETHER
ANYONE IN BUILDING

TOKIO, Oct. 5.—(By The Associated Press).—Fire this afternoon completely destroyed the big hall in which the World's Sunday School convention was to have held its first session tonight. It is said that there were no casualties.

The fire which resulted from defective electric wiring started at 3:50 o'clock when the lights on the dome bearing the inscription "I am the light of the world" were turned on. The building which had been constructed of light material covered with stucco, was destroyed within a few minutes.

The cry of "fire" was immediately raised by those inside the building and echoed by thousands of persons approaching the central railway station adjacent to the convention hall. Almost immediately the entire structure was wrapped in flames, with people streaming from the exits. Within ten minutes the building had been leveled. So great was the heat that it would have been impossible to approach the building for work of rescue, if such work had been required.

Some of the delegates who had been inside the hall, when questioned, said they did not know whether all those there when the fire started had made their escape. Charles T. Raines of New York was of the belief that off all them had reached safety.

NEW RECORD FOR
CHICAGO REAL ESTATE

CHICAGO, Oct. 5.—The sale of a downtown corner lot recorded today to a chain drug company, with a 48 feet frontage on State street and 120 feet on Madison street for \$2,000,000 is said to establish a record valuation for downtown property.

The title belonged to the Chicago school board, and a lease until 1955 and the fifteen story building on the property are to be transferred.

CLEVELAND FANS
ARE JUBILANT

CLEVELAND, Oct. 5.—Baseball fans of Cleveland were jubilant tonight over the victory of the Indians in the first game of the world's series with Brooklyn today. Everyone expressed the opinion that their idols would make it two straight tomorrow. Consolation was found in the fact that Ruba Marquard was disposed of and that with Marmorek having pitched part of today's game he would hardly be available tomorrow. It is expected that James Bagby and Walter Mails will be just as effective as Coveleskie.

IDENTIFY SOLDIER
AS MURDERER

Chicago, Oct. 5.—Stanley Gallus, 18, soldier brought here from Fort Omaha, Neb., has been identified by four eye-witnesses as the slayer of Detective Sergeant Frank McGuirk who was shot on Aug. 3, while trying to prevent a payroll hold-up. Police declared today. The police say they believe Gallus was implicated in a number of other payroll robberies.

PRESIDENT WILSON
RECEIVES MEDAL

Washington, Oct. 5.—President Wilson today received a chaplain's war medal from the Federal Council of the Churches of Christ in America as "an expression of appreciation by the churches of his distinguished service to the church and to the world thru his leadership in ending the world war and bringing to the world the ideals embodied in the league of nations."

CHICAGO, Oct. 5.—The circuit court of appeals today reversed the decision of a Wisconsin court in 1918 sentencing Judge John M. Becker to three years in the penitentiary because of alleged seditious utterances made in a speech at Monroe, Wisconsin, August 19, 1918.

PEORIA, Ill., Oct. 5.—More than two hundred cases in which violation of the dry law is charged will be up for hearing before Federal Judge Lewis FitzHenry, Oct. 13, when he returns to this city from Springfield. This term promises to be the busiest in the history of the federal court of this district.

WHEAT AND CORN
ARE STILL TUMBLING,
TAKE OTHER CEREALS

Flour Quoted at \$10.90 Per
Barrel in Car Load
Lots

OCTOBER CORN WAS
MORE ACTIVE

CHICAGO, Oct. 5.—Wheat and corn today repeated yesterday's tendencies and declined three to six cents a bushel on the Chicago market. Oats, barley and rye also declined, but to no great extent.

Minneapolis reported further reductions in the price of flour, new quotations being \$10.90 to \$11.00 a barrel in carload lots. Corn declines carried down. The price of hog "finished corn" and the top was \$15.85 with the average nearer \$15.00.

December delivery of wheat closed today at \$1.89 1-2, compared with yesterday's \$1.95 and December corn ended the day at 84 3-8 cents compared with 86 yesterday and \$1.22 7-8 a year ago. Corn for October delivery was more active ranging from 89 1-8 to 94 1-8 and closing at 89 1-2, a cent and a half under yesterday and far below last year's prices.

ONE PAIR OF SHOES
AND ONE SUIT OF
CLOTHES ALLOWED

Soviet Government Cuts Al-
lowance to Help Out
Red Army

SEARCH HOMES OF
ALL OFFICERS FIRST

WASHINGTON, Oct. 5.—One pair of shoes and one suit of clothes for each person is the maximum to be allowed by the soviet government in Petrograd, according to plans reported to the state department today thru official channels in Finland.

The scheme of limiting the amount of clothing civilians might possess was said to be one of the measures to be adopted to obtain supplies for the Red army.

Night searches of the dwellings of officers and their families began Sept. 30, surplus clothes, food and other supplies being confiscated, the report said. Workmen insisted that homes of officers and commissioners be searched before supplies of civilian population be touched.

Only about two-fifths of the new Russian naval recruits have received uniform because of the shortage.

The advice says the Bolsheviks have in theory established free mail and transportation, but in practice facilities are lacking and passengers are now allowed on the trains without documents showing that they are in the employ of the soviets. Not only are wooden houses being demolished to meet the fuel shortage but small stone structures are being raised to secure the wooden frame. It is said that a cord of wood costs \$35,000 rubles.

START HUNGER STRIKE

Ancona, Italy, Oct. 5.—Sixty persons arrested during anarchistic riots here June 4 have started a hunger strike, a protest against delay in being brought to trial. Workmen here, including printers, have proclaimed a general strike in support of the prisoners' claims.

PLANS MADE FOR
MINERS' HOSPITAL

Charleston, W. Va., Oct. 5.—Plans for the erection of a \$200,000 hospital in this city, for the exclusive use of coal miners were made public today by officials of District Number 17, United Mine Workers of America.

MANUFACTURERS ARE BLAMED FOR PRESENT PRICES

A Guarantee Against Decline Helps Keep Prices Up

PRICES HAVE DECLINED FIFTY PER CENT

WASHINGTON, Oct. 5.—Partial responsibility for high prices was laid today on the trade practice of manufacturers' guarantee against price decline by those who protested against the custom at hearings before the federal trade commission. More than 200 spokesmen for business interests were present to advise in formulating a policy on the subject.

The statement that prices would have gone down soon after the armistice had the price guarantee been unknown in commerce was brought out in answer to questions by Chairman Murdock who asked for opinions on that phase. Opponents of the system declared their belief had been confirmed by breaks in commodities where the practice was not employed. They cited the sugar and silk markets as typical.

Prices Decline Fifty Per Cent

James Goldsmith of New York, representing the Silk Association of America, said silk prices had declined fifty per cent in the last six months, which would have been impossible had the wholesalers been guaranteed against loss by the manufacturers.

"I would say further," he continued, "that the guarantee against decline not only tends to hold up prices but means that plants will be shut down and industry stagnated in order that the guaranteeing manufacturer will not have to dig into his pocket and repay the wholesaler or other purchasers."

R. U. Delephena, New York, representing the Fruits Produce Association voiced his approval of the plan saying its benefits more than offset any ill effects.

L. F. Poffey of the National Association of Purchasing Agents, held that no legitimate attack could be made on the guarantee system on ethical grounds so long as it did not tend to monopoly or discrimination.

That the practice did tend to monopoly and discrimination was asserted by George D. McIlvain of the Tinplate Manufacturers Association. He argued that the guarantee given by the "big" manufacturers could not be met in most cases by little producers who were compelled either to sell or close up practically bankrupt.

Julian Armstrong of the bureau of related industries, charged that the guarantee custom encouraged speculation, caused overstocking, stifled competition and invariably leads to rebating.

GREAT UNREST
AMONG WORKMEN

LONDON, Oct. 5.—Further reports of disorganization and revolt in soviet Russia have been secured by Reuters, Ltd., from "reliable persons who have just crossed the frontier into Finland."

Reuters' informants said the Red army is in a state of disorganization and that the harvest is exceptionally bad and that revolts have broken out in Siberia, Tomhom and near Samara. There is great unrest among the workmen.

The Bolsheviks are very anxious about General Wrangel's successes in the south.

MILITARY PARTY
TAKES ALL LETTERS

DUBLIN, Oct. 5.—On the arrival in Dublin this morning of the mails from the provinces and from England a military party entered the central sorting station and carried away all the letters.

Business men inquiring for their mail were informed that the military authorities had all of it, but that delivery would take place after the letter had been examined.

A similar method of obtaining information had been made by the government in other Irish centers.

PAROLEES FAIL TO ARRIVE

Leavenworth, Kans., Oct. 5.—Orders for the paroling of Eckhardt von Schack and Franz von Bopp, former consul general and vice consul general respectively of the imperial German government at San Francisco, failed to arrive at the federal penitentiary here today.

An announcement was made last night that von Schack and von Bopp who have served one third of their five year sentences, would be given their liberty.

MINERS ASKED TO
CALL CONVENTION

Canton, O., Oct. 5.—The policy committee of the anthracite mine workers, has been asked to call a tri-district convention of the Pennsylvania hard coal workers to consider the authorization of a general strike in protest against alleged discrimination of a general strike in protest against alleged discrimination by mine operators against monthly workers in the Shamokin mining

HAITI IS SCENE OF TRANQUILITY AND PEACE—LEJUNE

Secretary Daniels Makes a Report on Con- ditions

AMERICA HAS RIGHT TO BE PROUD

WASHINGTON, Oct. 5.—"A state of peace and tranquility prevails thru Haiti, Major General John A. Lejeune, commandant of the marine corps declared in a report to Secretary Daniels today on his recent investigation. The work of the marines, in suppressing banditry has won the gratitude of all law abiding natives, he added.

Instructions of Colonel John H. Russell, commanding, insisting upon kindly treatment of the inhabitants by the men of his force are being loyally and conscientiously enforced by his subordinate officers, General Lejeune asserted. In giving out the report, Secretary Daniels, while making no direct reference to recent charges of Senator Harding that the administration was conducting unconstitutional warfare in Haiti, declared it was given to the public "because of recent widely published statements, reflecting upon United States marines on duty there."

While reporting an almost total suppression of banditry and lawlessness at the present time, General Lejeune declared that "until banditry has been completely stamped out it is essential for the welfare of Haiti that the present disposition of marine forces in the interior should not be changed."

"My heart was filled with pride to see these splendid men of the marine corps giving to their country and to the Republic of Haiti such intelligent, zealous, efficient and courageous service. I feel that the American people have every right to be proud of their representatives who are now wearing the uniforms of the marine corps in Haiti."

GOVERNOR COX
SPENT TUESDAY
WITH HIS FAMILY

His Only Engagement Was
With His Pre-Con-
vention Manager

VOICE IS BECOMING
NORMAL AGAIN

DAYTON, Ohio, Oct. 5.—Governor Cox, the Democratic presidential candidate spent today with his family at Trail's End, resting.

His only political engagement was with E. H. Moore, his pre-convention manager with whom he talked a short time this evening. National Chairman George White who participated yesterday and last night in conference with the governor left today for his home in Marietta. Senator Pat Harrison, chairman of the speakers' bureau returned to New York. Governor Cox will go to Columbus early tomorrow morning to attend to executive matters before starting on his trip tomorrow evening thru Kentucky and Tennessee. He will leave Columbus at 5:10 for Louisville.

The governor's voice which had become very husky during his western tour, has cleared and with another day's rest is expected to be in normal condition by Thursday morning when he again starts making speeches.

Local Democrats this evening serenaded their leader with a new calloph purchased to live up to the local campaign.

BOYS SET FIRE TO
PLAYMATE'S CLOTHES

ST. PAUL, Oct. 5.—Edward Pillar, aged 5 years, has an even chance to recover at the city hospital from burns inflicted by playmates who "did not like him," physicians this morning said the boy may pull thru.

Edward and other children were playing in front of his home when a quarrel arose. The elder boys seized him and held him while another threw lighted matches on his clothes. His mother saw the deed and rushed to her son's assistance.

Police are searching for the other boys.

PLANS BEING MADE
FOR NEW CLUB HOUSE

Chicago, Oct. 5.—Plans for a new club house to replace the one which was destroyed by fire yesterday, will be discussed Saturday by the members of the Belmont Golf club at Downers Grove, a suburb. It was announced today.

The Belmont club is the oldest west of the Alleghenies. The building which was destroyed was erected in 1898, five years after the first games were played there during the world's fair here in 1893.

NO CLUE OF ROBBERS.

Dixon, Ill., Oct. 5.—County and city authorities today were without a clue to the robbers who stole \$5,000 worth of furs and silks from the Wynne Deaver Dry Goods store at Sterling, west of here, and escaped in a coupe which they took from a nearby garage.

RUSSIANS AND POLES AGREE ON ARMISTICE TERMS

Armistice is to be Signed Not Later Than Oct. 8

REPORT INTERNAL DIS- SENSATIONS AT WARSAW

RIGA, Oct. 5.—(By The Associated Press).—An agreement for the signing of an armistice, preliminary to peace, not later than October 8, was reached this evening by M. Joffe and M. Dombiski heads of the Russian and Polish delegations, respectively.

M. Dombiski told The Associated Press that the details of the agreement would be made public tomorrow. He said that the agreement was on the Polish eleven points declaration, made at the beginning of the Figa conference after M. Joffe's Moscow declaration.

Statements made by M. Dombiski and B. Joffe concerning Russian's meeting of the chief commission show that their differences are not necessarily vital. Dombiski objected to the armistice line fixed by the Russo-Ukrainian delegation declaring it is different from the proposition made by Joffe on behalf of the Russian soviet central executive committee. He also objected to recognition of the independence of Eastern Galicia.

Replying to Dombiski's objections Joffe expressed a willingness to waive these questions for the moment in order to effect an immediate armistice, but urged that the differences between the original proposals made Sept. 24 and proposals made on the 28th were differences inevitable between a declaration of fundamental principles and of concrete fortifications.

To Sign By Oct. 8

The agreement to sign the armistice by October 8 was reported this evening after an informal conference between Dombiski and Joffe. It did not come altogether as a surprise, as reports had been in the air all day that an armistice would be signed within two or three days.

Details of the agreement have not yet been announced. The main commission had been working all day in a routine way on legal, financial and economic questions when late in the afternoon Joffe and Dombiski went quietly into session with their secretaries and got together on the main questions in dispute between Poland and the Bolsheviks. The protocol was quickly drawn up and the signing of it by both chairmen followed immediately.

Riga, Oct. 5.—(By The Associated Press).—Adolph Joffe and M. Dombiski have been holding frequent private conferences daily at which the vital questions of the armistice line between the Russians and the Poles are discussed.

The financial, economic and military commissions also are meeting frequently but the vital work is actually being done by the two chairmen.

Reports of internal dissensions in Warsaw are causing some uneasiness here as there are many indications that Dombiski's speedy signature of an armistice would be a great personal victory for him.

SOCIALISTS FIGHT
LEAGUE OF NATIONS

NEW YORK, Oct. 5.—Socialists in America are "united in opposing the league of nations supported by Wilson, Cox, Roosevelt, Harding and Coolidge," declared a statement issued here today by Seymour Steadman, Socialist candidate for vice president. "It is not a league for peace," Mr. Steadman said. "It is on the contrary a military alliance to enforce the rule of international debts and to preserve the system of international capitalism."

Mr. Steadman announced he would speak in Pittsburgh tomorrow evening and thereafter in New Jersey, returning here for a mass meeting on October 10.

TWO RAILROAD MEN
BURNED TO DEATH

Huntington, Oregon, Oct. 5.—William Travers, division engineer of the Oregon Short Line, and Roy Cornelius, motor car machinist of the same road, both of Pocatello, Idaho, were burned to death last night in a fire which destroyed the hotel at Robnetto, Oregon.

CLEVELAND WINS OPENING GAME FROM BROOKLYN

Outplays the National
League Team in all
Departments

SPEAKER'S FIELDING
FEATURES CONTEST

NEW YORK, Oct. 6.—The Cleveland American League club decisively defeated the Brooklyn Nationals by the score of 3 to 1 in the initial game of the 1920 world series here this afternoon.

The victory, which was far more impressive than the score would appear to indicate, was won by perfect team play, sparkling with brilliant work.

The opening contest was witnessed by a throng that tested the normal precincts of the Ebbets field. According to the official figures of the National Commission 22,573 persons paid admissions while at least another thousand can be added.

The gate receipts were announced at \$79,049. In both attendance and gate receipts these figures surpass the best individual game record made at Brooklyn in the series of 1916.

The game was played under conditions far from being ideal for baseball. A chill north wind blew out of a cold gray sky and the temperature was reminiscent of football rather than America's great summer sport.

The high wind also played havoc with the fielding of fly balls, of which there were an unusual number. The game carried the falling sphere in weird spirals which caused the waiting fielders to circle about under the ball like a retriever locating a wounded bird. It was this inability to judge properly the direction of the descending ball that paved the way for Cleveland's first score.

Winner's Play Superior
Both team and individual play of the winners was superior to that of Brooklyn. Covelleskie pitched a masterly game and held the opposing batters in check throughout the contest. He was backed up by perfect fielding of both infield and outfield. Sewell played a remarkable game at short, showing absolutely no signs of nervousness such as might have been expected of a youngster thrown into a world's series under the conditions which marked his debut.

Manager Speaker in center field proved a barrier beyond which it was almost impossible to drive the ball and made sensational catches far to the right and left of his normal position with an abandon which brought cheers even from the most rabid of the home team followers.

Catcher O'Neill, with his two timely run-scoring doubles, was the star batsman for the victors. For Brooklyn the feature play of the game was Griffith's catch of Speaker's terrific drive to right field in the fifth inning. It appeared to be a certain extra base hit but Griffith started back with the crash of the bat and ball and when he reached the retaining wall, sprang high up against the concrete and caught the ball in one hand, fully ten feet above ground.

Marquard Was Easy
Cleveland batters found Marquard easier to hit than either Marmar or Cadore. The Indians failed to get a runner on first after the close of the fourth inning. Manager Robinson of Brooklyn tried every artifice of baseball to turn the defeat into victory in the closing innings sending two pinch hitters into the game without effect. Covelleskie held his own at all times against the three twirlers used by Brooklyn.

A comparison of pitchers in the first game of the world's series shows that Covelleskie of Cleveland threw the ball up to the batter only 85 times in nine innings, while the total for his opponents was 112.

Covelleskie was much steadier than Marquard or Marmar. Covelleskie threw 24 balls. Marquard 31, Marmar 9 and Cadore two while their respective totals for missed strikes were 22, 21, 10 and 1.

The Brooklyn batters fouled off nine pitches for strikes and the Cleveland men 14.

Only six Cleveland men went out on flies, while 11 Brooklyn batters went out by the air route. Each side had 13 men grounding out. Marquard never pitched less than 10 balls an inning. Covelleskie's record in the seventh and eighth innings was 13 each.

The player's fund is divided, 75 per cent to the members of the two teams participating in the world's series and 25 per cent to 83 into a pool to be divided among the players of the teams which finished second and third in the National and American leagues.

Chapman's Widow Will Share
The Cleveland players have voted a full share of their portion of the receipts to be divided among them to the widow of Ray Chapman, the shortstop who was killed by a pitched ball in a game (Continued on Page 3.)

EVIDENCE WILL INDICT SEVERAL NATIONAL LEAGUERS

Probable Evidence Given
Will Cause New Indictments

GLEASON SAID LAST
SOX TRIP SUSPICIOUS

CHICAGO, Oct. 5.—Evidence which officials in the state's attorney's office said would result in the indictment of several National League baseball players was given the Cook county grand jury today by players and club officials who testified in the inquiry into the baseball scandal.

The jury adjourned after today's session subject to call and is not expected to reconvene until after the world's series.

John McGraw, manager of the New York Giants; Charles Stoneham, president of the club; Benny Kauff, outfielder; Larry Doyle, second baseman; Fred Toney, pitcher, and Trainer MacKall; Hughie Jennings, Detroit manager; Jean Dubuc, Toledo pitcher, and "Kid" Gleason, Chicago White Sox manager were the witnesses.

The New York's testimony centered about activities of Heinie Zimmerman and Hal Chase in connection with alleged game "throwing" and tended McGraw said, to clear Kauff and Toney of participation with any crooked work.

Kauff and Toney Approached
Kauff and Toney told the jury of offers made them by Zimmerman to "throw" games. Each said he refused the offer and reported it to McGraw and Stoneham. The latter two confirmed the testimony of the players.

Zimmerman's offer to Kauff was \$125 a game with an increase if the outfielder proved adept at losing, Kauff testified.

Jennings was questioned concerning bets alleged to have been placed in Detroit on the Chicago-Philadelphia National League game of August 31, but told newspapermen he had been able to supply little information.

MacKall denied that he had seen anything to indicate crooked work among the Giants' players.

Gleason said there were some things in connection with the last eastern trip when the team suffered badly, which looked suspicious.

Dubuc gave the jury a telegram he said he received from Bill Burns, former Major League pitcher, telling him to bet on Cincinnati in the world's series.

He said he had been informed prior to the series that it was "fixed" for Cincinnati to win.

WILL PROSECUTE VIOLATORS OF ELECTION LAWS

Judge Crowe So States His
Position as to Violators

LOWDEN REFUSES TO
MAKE COMMENT

CHICAGO, Oct. 5.—On the eve of announcement of returns in the official count of ballots cast in the Illinois primary, Judge Robert E. Crowe, Republican nominee for state's attorney of Cook county, issued a statement declaring that if elected he would prosecute anyone, regardless of their official position who conspired to violate the law in connection with the primaries.

"It is openly charged in many quarters that there is a plot to rob the Republicans of Illinois of their right to vote for the candidates of their choice," said the statement. "I warn these men who apparently would commit a crime in their mad efforts to rule or ruin, I shall, if elected perform my full duty regardless of the previous high standing of the malefactors."

Mayor William Hale Thompson of Chicago in the primaries.

Governor Frank O. Lowden, who supported the opposition ticket, tonight refused to comment on the statement.

The state canvassing board meets tomorrow at Springfield and at the same time Judge James T. Burns of the Cook county court is expected to announce his decision on the petition filed by attorneys for John G. Oglesby, Lowden candidate for the gubernatorial nomination, charging fraud in more than 300 Cook county precincts in the primary.

SENATOR HARDING CONFERRED WITH LEADERS OF PARTY

Plan Another Speaking
Tour to Start
Soon

HOOVER WILL
SPEAK FOR TICKET

MARION, Ohio, Oct. 5.—Senator Harding put in a strenuous twelve hours today conferring with his party leaders, preparing addresses to be delivered later in the week and clearing away details of headquarters business preparatory to his departure tomorrow on his western campaign swing.

The trip which will take the nominee to Des Moines, Iowa, Omaha, Nebraska, Kansas City, Mo., and Oklahoma City, Oklahoma will be followed by two others into the eastern and political border states.

In long talks during the day with Will H. Hays, Republican national chairman and Harry M. Daugherty a member of the executive campaign committee the nominee reviewed the general political outlook and considered many details of campaign management.

One of the subjects discussed was the eastern trip to be undertaken about October 20.

The only eastern date so far definitely announced is October 21, when the senator will speak at Buffalo, N. Y.

May Not Visit New York City.
It was indicated that there was a possibility that the candidate would "not" visit New York City, although it previously had been expected he would speak there. Both Mr. Hays and Mr. Daugherty expressed perfect satisfaction with the campaign situation, reiterating their previous predictions that one of the largest majorities in the nation's history would be recorded for the Republican ticket.

Mr. Hays declared the Democrats were preparing to concentrate on the league issue because they had failed to make headway on any other and that President Wilson had assumed active leadership of this party for the final month of the campaign.

The chairman asserted the willingness of the Republican organization to face that situation and Senator Harding revealed that in his speech at Des Moines on Thursday he intended to deal further with the league issue.

May Reply to Wilson.
It was indicated that he might make reply to some of the arguments used by Mr. Wilson in the letter made public Sunday at the White House.

It also was made known that Herbert Hoover's active work for the Republican ticket would begin next Saturday night with an address at Indianapolis. On Oct. 14, he will speak at Topeka, Kans., and although he has been an advocate of the treaty's ratification Mr. Hoover is counted on by his party's managers to support without qualification, Senator Harding's position on the issue.

Senator Harding will start his western trip tomorrow arriving at Chicago at 5:40 p. m., he will go to a hotel for rest and to confer with Republican leaders and will leave for the west at 10 p. m.

The Des Moines meeting will be 10:30 Thursday morning and on Thursday night he will speak at Omaha. He will not reach Marion on the return trip until after noon Monday.

FOREST FIRES IN WISCONSIN

GREEN BAY, Wis., Oct. 5.—A forest fire near Oneida, about ten miles southeast of this city, is said to be raging and gaining considerable headway in a strip of land two to three miles in length. Fires are also reported in a large tract of strip land at Keshena, about thirty miles west of here. Marshfield reports a fire raging in a marsh near there. Passenger train crews, it is said have been forced to light the lamps in their coaches because of dense smoke when they pass thru the fire area.

The unusually dry weather or the past month has made fires frequent.

PREDICTS LANDSLIDE FOR HARDING

Chicago, Oct. 5.—Will H. Hays, Republican national chairman, predicted a landslide for Harding in a statement issued here today.

Harding will carry all the New England states, he said, "and New York, New Jersey, Pennsylvania, Delaware, Maryland, West Virginia, Ohio, Michigan, Indiana, Kentucky, Wisconsin and Illinois and he has a good chance to carry Tennessee and North Carolina. West of the Mississippi he will carry every state but Arkansas, Louisiana and Texas, and Texas just now is a doubtful state."

SPRINGFIELD, Mass., Oct. 5.—Bishop Thomas B. Beven, for 23 years head of the Roman Catholic diocese of Springfield, Mass., died today of heart disease. He had been able to attend to his duties until within a day or two. He was 82 years old and a native of this city.

FIRE DESTROYS SUNDAY SCHOOL CONVENTION HALL

Fire Starts from Defective
Electric Wiring

NOT KNOWN WHETHER
ANYONE IN BUILDING

TOKIO, Oct. 5.—(By The Associated Press).—Fire this afternoon completely destroyed the big hall in which the World's Sunday School convention was to have held its first session tonight. It is said that there were no casualties.

The fire which resulted from defective electric wiring started at 3:50 o'clock when the lights on the dome bearing the inscription "I am the light of the world" were turned on. The building which had been constructed of light material covered with stucco, was destroyed within a few minutes.

The cry of "fire" was immediately raised by those inside the building and echoed by thousands of persons approaching the central railway station adjacent to the convention hall. Almost immediately the entire structure was wrapped in flames, with people streaming from the exits. Within ten minutes the building had been leveled. So great was the heat that it would have been impossible to approach the building for work of rescue, if such work had been required.

Some of the delegates who had been inside the hall, when questioned, said they did not know whether all those there when the fire started had made their escape. Charles T. Raines of New York was of the belief that off all they had reached safety.

NEW RECORD FOR CHICAGO REAL ESTATE

CHICAGO, Oct. 5.—The sale of a down-town corner lot recorded today to a chain drug company, with a 48 feet frontage on State street and 120 feet on Madison street for \$2,000,000 is said to establish a record valuation for down-town property.

The title belonged to the Chicago school board, and a lease until 1935 and the fifteen story building on the property are to be transferred.

CLEVELAND FANS ARE JUBILANT

CLEVELAND, Oct. 5.—Baseball fans of Cleveland were jubilant tonight over the victory of the Indians in the first game of the world's series with Brooklyn today. Everyone expressed the opinion that their idols would make it two straight tomorrow. Consolation was found in the fact that Rube Marquard was disposed of and that with Marmar having pitched part of today's game he would hardly be available tomorrow. It is expected that James Bagby and Walter Mills will be just as effective as Covelleskie.

IDENTITY SOLDIER AS MURDERER

Chicago, Oct. 5.—Stanley Gallus, 18, a soldier brought here from Fort Omaha, Neb., was identified by four eye-witnesses as the slayer of Detective Sergeant Frank McGuirk who was shot on Aug. 3, while trying to prevent a payroll hold-up, police declared today. The police say they believe Gallus was implicated in a number of other payroll robberies.

PRESIDENT WILSON RECEIVES MEDAL

Washington, Oct. 5.—President Wilson today received a chaplain's war medal from the Federal Council of the Churches of Christ in America as "an expression of appreciation by the churches of his distinguished service to the church and to the world thru his leadership in ending the world war and bringing to the world the ideals embodied in the league of nations."

CHICAGO, Oct. 5.—The circuit court of appeals today reversed the decision of the district court sentencing William E. Ehrhardt of East St. Louis, Ill., in 1918 to three years in the penitentiary for alleged violation of the espionage act.

CHICAGO, Oct. 5.—The circuit court of appeals today reversed the decision of a Wisconsin court in 1918 sentencing Judge John M. Becker to three years in the penitentiary because of alleged seditious utterances made in a speech at Monroe, Wisconsin, August 19, 1918.

PEORIA, Ill., Oct. 5.—More than two hundred cases in which violation of the dry law is charged will be up for hearing before Federal Judge Lewis FitzHenry, Oct. 18, when he returns to this city from Springfield. This term promises to be the busiest in the history of the federal court of this district.

WHEAT AND CORN ARE STILL TUMBLING, TAKE OTHER CEREALS

Flour Quoted at \$10.90 Per
Barrel in Car Load
Lots

OCTOBER CORN WAS
MORE ACTIVE

CHICAGO, Oct. 5.—Wheat and corn today repeated yesterday's tendencies and declined three to six cents a bushel on the Chicago market. Oats, barley and rye also declined, but to no great extent.

Minneapolis reported further reductions in the price of flour, new quotations being \$10.90 to \$11.00 a barrel in carload lots. Corn declines carried down the price of hogs—"finished corn"—and the top was \$15.85 with the average nearer \$15.00.

December delivery of wheat closed today at \$1.89 1-2, compared with yesterday's \$1.95 and December corn ended the day at 84 3-8 cents compared with 86c yesterday and \$1.22 7-8 a year ago. Corn for October delivery was more active ranging from \$9 1-8 to \$1 1-8 and closing at \$9 1-2, a cent and a half under yesterday and far below last year's prices.

ONE PAIR OF SHOES AND ONE SUIT OF CLOTHES ALLOWED

Soviet Government Cuts Allowance to Help Out
Red Army

SEARCH HOMES OF
ALL OFFICERS FIRST

WASHINGTON, Oct. 5.—One pair of shoes and one suit of clothes for each person is the maximum to be allowed by the soviet government in Petrograd, according to plans reported to the state department today thru official channels in Finland.

The scheme of limiting the amount of clothing civilians might possess was said to be one of the measures to be adopted to obtain supplies for the Red army.

Night searches of the dwellings of officers and their families began Sept. 30, surplus clothes, food and other supplies being confiscated, the report said. Workmen insisted that homes of officers and commissaries be searched before supplies of civilian population be touched.

Only about two-fifths of the new Russian naval recruits have received uniform because of the shortage.

The advice says the Bolsheviks have in theory established free mail and transportation, but in practice facilities are lacking and passengers are now allowed on the trains without documents showing that they are in the employ of the soviets. Not only are wooden houses being demolished to meet the fuel shortage but small stone structures are being raised to secure the wooden frame. It is said that a cord of wood costs \$35,000 rubles.

START HUNGER STRIKE, Ancona, Italy, Oct. 5.—Sixty persons arrested during anarchistic riots here June 4 have started a hunger strike, a protest against delay in being brought to trial. Workmen here, including printers, have proclaimed a general strike in support of the prisoners' claims.

PLANS MADE FOR MINERS' HOSPITAL

Charleston, W. Va., Oct. 5.—Plans for the erection of a \$200,000 hospital in this city, for the exclusive use of coal miners were made public today by officials of District Number 17, United Mine Workers of America.

MANUFACTURERS ARE BLAMED FOR PRESENT PRICES

A Guarantee Against
Decline Helps Keep
Prices Up

PRICES HAVE DECLINED
FIFTY PER CENT

WASHINGTON, Oct. 5.—Partial responsibility for high prices was laid today on the trade practice of manufacturers' guarantee against price decline by those who protested against the custom at hearings before the federal trade commission.

More than 200 spokesmen for business interests were present to advise in formulating a policy on the subject.

The statement that prices would have gone down soon after the armistice had the price guarantee been unknown in commerce was brought out in answer to questions by Chairman Murdock who asked for opinions on that phase.

Opponents of the system declared their belief had been confirmed by breaks in commodities where the practice was not employed. They cited the sugar and silk markets as typical.

Prices Decline Fifty Per Cent
James Goldsmith of New York, representing the Silk Association of America, said silk prices had declined fifty per cent in the last six months, which would have been impossible had the wholesalers been guaranteed against loss by the manufacturers.

"I would say further," he continued, "that the guarantee against decline not only tends to hold up prices but means that plants will be shut down and industry stagnated in order that the guaranteeing manufacturer will not have to dig into his pocket and repay the wholesaler or other purchasers."

R. U. Delephena, New York, representing the Fruits Produce Association voiced his approval of the plan saying its benefits more than offset any ill effects.

L. F. Poffey of the National Association of Purchasing Agents, held that no legitimate attack could be made on the guarantee system on ethical grounds so long as it did not tend to monopoly or discrimination.

That the practice did tend to monopoly and discrimination was asserted by George D. McIlvain of the Tinplate Manufacturers Association. He argued that the guarantee given by the "big" manufacturers could not be met in most cases by little producers who were compelled either to sell or close up practically bankrupt.

Julian Armstrong of the bureau of related industries, charged that the guarantee custom encouraged speculation, caused overstocking, stifled competition and invariably leads to rebating.

GREAT UNREST AMONG WORKMEN

LONDON, Oct. 5.—Further reports of disorganization and revolt in soviet Russia have been secured by Reuters, Ltd., from "reliable persons who have just crossed the frontier into Finland."

Reuters' informants said the Red army is in a state of disorganization, that the harvest was exceptionally bad and that the revolts have broken out in Siberia, Tomhom and near Samara. There is great unrest among the workmen.

The Bolsheviks are very anxious about General Wrangel's successes in the south.

MILITARY PARTY TAKES ALL LETTERS

DUBLIN, Oct. 5.—On the arrival in Dublin this morning of the mails from the provinces and from England a military party entered the central sorting station and carried away all the letters.

Business men inquiring for their mail were informed that the military authorities had all of it, but that delivery would take place after the letter had been examined.

A similar method of obtaining information had been made by the government in other Irish centers.

PAROLES FAIL TO ARRIVE
Leavenworth, Kans., Oct. 5.—Orders for the paroling of Eckhardt von Schack and Franz von Bopp, former consul general and vice consul general, respectively of the imperial German government at San Francisco, failed to arrive at the federal penitentiary here today.

An announcement was made last night that von Schack and von Bopp who have served one third of their five year sentences, would be given their liberty.

HAITI IS SCENE OF TRANQUILITY AND PEACE—LEJUNE

Secretary Daniels Makes a
Report on Conditions

AMERICA HAS RIGHT
TO BE PROUD

WASHINGTON, Oct. 5.—"A state of peace and tranquility prevails thru Haiti. Major General John A. Lejeune, commander of the marine corps declared in a report to Secretary Daniels today on his recent investigation. The work of the marines, in suppressing banditry has won the gratitude of all law abiding natives, he added.

Instructions of Colonel John H. Russell, commanding inspector upon kindly treatment of the inhabitants by the men of his force are being loyally and conscientiously enforced by his subordinate officers, General Lejeune asserted. In giving out the report, Secretary Daniels, while making no direct reference to recent charges of Senator Harding that the administration was conducting unconstitutional warfare in Haiti, declared it was given to the public "because of recent widely published statements, reflecting upon United States marines on duty there."

While reporting an almost total suppression of banditry and lawlessness at the present time, "until banditry has been completely stamped out it is essential for the welfare of Haiti that the present disposition of marine forces in the interior should not be changed."

"My heart was filled with pride to see these splendid men of the marine corps giving to their country and to the Republic of Haiti such intelligent, zealous, efficient and courageous service. I feel that the American people have every right to be proud of their representatives who are now wearing the uniform of the marine corps in Haiti."

Repeating to Dombiski's objections Joffe expressed a willingness to waive these questions for the moment in order to effect an immediate armistice, but urged that the differences between the original proposals made Sept. 24 and proposals made on the 28th were differences inevitable between a declaration of fundamental principles and of concrete facts.

To Sign By Oct. 8
The agreement to sign the armistice by October 8 was reported this evening after an informal conference between Dombiski and Joffe. It did not come altogether as a surprise, as reports had been in the air all day that an armistice would be signed within two or three days.

Details of the agreement have not yet been announced. The main commission had been working all day in a routine way on legal, financial and economic questions when late in the afternoon Joffe and Dombiski went quietly into session with their secretaries and got together on the main questions in dispute between Poland and the Bolsheviks. The protocol was quickly drawn up and the signing of it by both chairmen followed immediately.

Riga, Oct. 5.—(By The Associated Press).—Adolph Joffe and M. Dombiski have been holding frequent private conferences daily at which the vital questions of the armistice line between the Russians and the Poles are discussed. The financial, economic and military commissions also are meeting frequently but the vital work is actually being done by the two chairmen.

Reports of internal dissensions in Warsaw are causing some uneasiness here as there are many indications that Dombiski's speedy signature of an armistice would be a great personal victory for him.

GOVERNOR COX SPENT TUESDAY WITH HIS FAMILY

His Only Engagement Was
With His Pre-Con-
vention Manager

VOICE IS BECOMING
NORMAL AGAIN

DATON, Ohio, Oct. 5.—Governor Cox, the Democratic presidential candidate spent today with his family at Trail's End, resting.

His only political engagement was with E. H. Moore, his pre-convention manager with whom he talked a short time this evening. National Chairman George White who participated yesterday and last night in conference with the governor left today for his home in Marietta. Senator Pat Harrison, chairman of the speakers' bureau returned to New York. Governor Cox will go to Columbus early tomorrow morning to attend to executive matters before starting for Kentucky and Tennessee. He will leave Columbus at 5:10 for Louisville.

The governor's voice which had been very husky during his western tour, has cleared and with another day's rest is expected to be in normal condition by Thursday morning when he again starts making speeches.

Local Democrats this evening serenaded their leader with a new calliope purchased to live up to the campaign.

BOYS SET FIRE TO PLAYMATE'S CLOTHES

ST. PAUL, Oct. 5.—Edward Paves, aged 5 years, has an even chance to recover at the city hospital from burns inflicted by playmates who "did not like him," physicians this morning said the boy may pull thru.

Edward and other children were playing in front of his home when a quarrel arose. The older boys seized him and held him while another threw lighted matches on his clothes. His mother saw the deed and rushed to her son's assistance.

Police are searching for the other boys.

PLANS BEING MADE FOR NEW CLUB HOUSE

Chicago, Oct. 5.—Plans for a new club house to replace the one which was destroyed by fire yesterday will be discussed Saturday by the members of the Belmont Golf club at Downers Grove, a suburb. It was announced today.

The Belmont club is the oldest west of the Alleghenies. The building which was destroyed was erected in 1898, five years after the first games were played there during the world's fair here in 1893.

NO CLUE TO ROBBERS.
Dixon, Ill., Oct. 5.—County and city authorities today were without a clue to the robbers who stole \$5,000 worth of furs and silks from the Wynne Deaver Dry Goods store at Sterling, week ago, and escaped in a coupe which they took from a nearby garage.

RUSSIANS AND POLES AGREE ON ARMISTICE TERMS

Armistice is to be
Signed Not Later
Than Oct. 8

REPORT INTERNAL DIS-
SENSATIONS AT WARSAW

RIGA, Oct. 5.—(By The Associated Press).—An agreement for the signing of an armistice, preliminary to peace, not later than October 8, was reached this evening by M. Joffe and M. Dombiski heads of the Russian and Polish delegations, respectively.

M. Dombiski told The Associated Press that the details of the agreement would be made public tomorrow. He said that the agreement was on the Polish eleven

Governor Cox made no speeches in Maine. If he had made the exhibition of himself there that he has in other sections of the country the Republican landslide would have been increased by many thousands.

Now that the tariff question has become a very live one in the South, Congressman Heflin says that the Democratic party "is not opposed to a tariff." In which saying he is telling the truth, the Democrats are. The Democratic party is one record as favoring a tariff—but for revenue only. What the New South wants is not a revenue tariff merely, but a protective tariff which will also be a producer of revenue.

It has been truly said that the people of a city must be willing to shoulder the work of the commu-

nity if they look for future success. They must be ready to put community welfare above individual prejudices or petty affairs. They must be willing to undertake and carry thru the big things for their home town. That spirit has already been strongly manifested in Jacksonville. An opportunity is now offered to all to contribute to a good cause—Passavant Hospital,—one that is of actual benefit to the community, not only to sufferers who can be cared for but to the business men in the trade the institution brings. Be liberal in your contribution to the general good.

A VITAL NEED
Mrs. Theodore Roosevelt, Sr., in an appeal to women voters to support the Republican ticket in November says:

"The country's vital need is the election of the Republican candidates, Warren C. Harding and Calvin Coolidge. Only will the full measure of Americanism in the next administration be attained if the people shall declare for the party which holds true nationalism as its high ideal. It is not necessary to forget our duty to our neighbor in our duty at home.

"The time appeals most strongly to the manhood and the womanhood of America. To woman more than ever before because to her has come the perfected opportunity to make her influence weighty in behalf of the nation.

"This year as never before, with world conditions as they are, steadiness and staunchness of American purpose are obligatory if we would first bring back our country to its stable place and

then by strong endeavor do all that can be done for peace and the general welfare in all lands."

That the safety first efforts on the part of railway managers and employes has produced appreciably favorable results is shown by a comparative statement of the loss of life on American railways at the beginning and the end of a period covering nearly ten years. Samuel O. Dunn, editor of the Railway Age, speaking before the National Safety Council, made the statement that notwithstanding an increase of seventy per cent in the volume of freight handled, and of thirty per cent in the number of passengers carried, the death toll had been materially reduced. In 1910, the number of employees killed as the result of train operation was 3,383. In 1918, it was 2,781. The number of passengers killed in 1910 was 421; in 1918, 432. This does not signify, however, that there should be any slackening in the safety first movement. Altho the reduction is encouraging, the number of fatalities is still far too large. In 1918, a total of 3,123 persons were killed as the result of train operation. That makes an average of more than eight a day. The killing of eight persons in a single train wreck would furnish the occasion for long accounts in the newspapers and much discussion to cause and responsibility, while the killing of eight persons daily at widely scattered points passes unnoticed. Discussing this question, the Boston Transcript says that if the figures quoted are correct railway travel is safer than ever before. It is not an unreasonable claim that a railway train is a place of much greater safety for the individual than is a city street. The man in the railway car is a better risk than the man on the sidewalk.

"But what has been accomplished in adding to safety on the railroads should be regarded as progress toward a goal rather than the attainment of the end in view. There should be no slackening of effort because of the results already obtained. Railway managers should study with open mind newly created devices intended to reduce danger of life and limb.

Georgie may be stung, but you are poor at guessing. I'll paint the place all alone, with princely vim and vigor, before I'll pay you men a bone above a righteous figure." The royal shack is punk, in fact, offending all who scan it, and Mary reads the riot act, but Georgie is firm as granite. He says to her, "Our dark abode will shabby be for ages, unless some lads come up the road who'll work for decent wages.

OLD JACKSONVILLE

CAPT. CHARLES SAMPLE
By Ensley Moore
(Member Illinois State Historical Society)

He was a portly, tall man, a member of Centenary church. Charles Sample, who came to this county in 1832. But he was born in Bond county, this state, in April, 1817. His parents were from "Old Kaintuck," which furnished so many strong, brave early settlers to Illinois.

He Married
Miss Tirza Jackson, who survived him. He left four children: J. R., a well known railroad man, of Evansville, Ind.; Edwin, who was in St. Louis, Mo., and Charles and James who stayed by the old fireside. He was a farmer most of his life, living, latterly northeast of town.

Prominent
Mr. Sample was active and prominent in many ways, being a member of the Masonic and Odd Fellows fraternities, and of the Grand Army of the Republic; having been a commander of Co. E., 101st, Illinois, and a member of Matt Starr Post. He was an active and enthusiastic member of the Old Settlers Association, having been a president and vice-president of it.

Interested in Politics.
Capt. Sample was a Democrat, politically, and was Sheriff of Morgan county from 1856 to 1858. Latterly, he became interested in the Greenback movement.

In Religion
Mr. Sample was a Methodist.

WOMEN'S CLUB BOARD MEMBERS ENTERTAINED

Members of Executive Board of Federation of Women's Clubs of 20th District Enjoy Dinner at Home of Mrs. J. C. Grout in Winchester.
Members of the executive board of the federation of women's clubs of the 20th congressional district were entertained at 6 o'clock dinner at the beautiful home of Mrs. J. C. Grout, district president, in Winchester. There were nineteen members present. After a delightful dinner had been served, Mrs. Grout and Miss Bertha Miner extended greetings and a business meeting was held. Routine matters were transacted and plans for the betterment of the federation discussed.

The program to be rendered at the 20th annual meeting of the federation of the twentieth congressional district, which convenes in Winchester Wednesday and will continue thru Thursday morning, was presented by the program chairman, Mrs. David Hainsfurther of Winchester. The program promises a number of interesting addresses by people noted in their special lines. The board expressed itself as gratified with the outlook for a very profitable convention.

The following members were present Tuesday evening: Mrs. J. C. Grout, district president, Winchester; Mrs. E. D. Beird, recording secretary, Bluffs; Miss Louise Frost, corresponding secretary and treasurer; Miss Bertha Miner, chairman library extension work; Mrs. George C. Smith, Scott county chairman; Mrs. David Hainsfurther, program chairman; Mrs. James Overton, chairman education, all of Winchester; Miss Harriet Seibert, head art department; Mrs. J. Parker Doan, Morgan county chairman; Mrs. T. J. Pittner, thrift chairman; Mrs. Marshall Miller, parliamentarian; Mrs. W. S. Jones, press chairman, all of Jacksonville; Mrs. Helen Matthews Grigsby, Pike county chairman, Pittsfield; Mrs. W. E. Shastid, chairman of edict, of Pittsfield; Mrs. E. F. Ford, chairman conservation, Greenfield; Mrs. C. Frackleton, Menard county chairman, Petersburg; Mrs. H. Hyatt, Greenville; Miss Edith Chapin, White Hall, chairman Park Ridge endowment fund; Mrs. E. D. Glandon, vice president at large, Pittsfield.

There is every indication of a very large attendance at the conference in Winchester today and tomorrow, and the Scott county people have left nothing undone for the entertainment of the delegates.

SUNDAY SERVICES AT WOODSON CHURCH

Bible school was a success last Sunday. The pastor's big Bible class now goes to basement for the study hour. The class is growing, but will not be full grown till it includes all the men in Woodson not connected with one of the other schools. The third Sunday will be rally day and all are urged to attend.
Fine audiences greeted the pastor both morning and evening. Eight persons were received into the fellowship of the church. Next Sunday the pastor will use a chart to illustrate the evening sermon. The young people had a very fine meeting last Sunday and a good one is anticipated next Sunday.
The Junior congregation meets at 11:15 a. m. Mrs. Fuller is the superintendent and the children are taking hold splendidly.

REMAINS OF FORMER RESIDENT INTERRED

A VETERAN FROM THE NORTH
Mr. and Mrs. C. H. Clark of North Dakota, were in the city yesterday, accompanying Mr. and Mrs. C. H. Gibbs of Lynville whom they are visiting. Mrs. Clark was formerly Miss Emma Gibbs of this place and they are visiting their relatives west of the city. Mr. Clark served three years in the 22nd Kentucky Infantry during the war of the rebellion and then joined an Ohio regiment with which he served till the close of the war. He is a very pleasant, genial gentleman and speaks enthusiastically of the national encampment which he attended at Indianapolis.

SHE FEELS JUST LIKE A DIFFERENT WOMAN

"I Only Wish I Had Known of anlac Sooner," Says Miss Ayers—Housework is Now a Pleasure.

"Tanlac has made me so well and happy that I wish I had taken it a long time ago," said Miss Edith Ayers, 406 1/2 Ohio street, Terre Haute, Ind.

"I had suffered with my stomach and kidneys for three years," she said, "and just had to stay in bed most all of the time. I could not eat without suffering from indigestion, my back pained me fearfully and I often had spells of weakness that made me unfit to do my work. I did not have strength to run my sewing machine, and nearly all the money I made had to go for medicine. My head ached like it would burst and I was in such a weak, run-

down condition that I feared I would have to give up my business.

"I bought a bottle of Tanlac and I wish I had known about it sooner. Before my first bottle was finished I began to feel better, my nerves quieted down and my appetite picked up and I could sleep soundly. After taking my second bottle all my stomach misery and backache and headache had disappeared. I have taken four bottles of Tanlac now and besides doing all my housework I am doing three or four times as much sewing as I have ever done before, and I can get around better than I could ten years ago. Tanlac has made me feel like an entirely different person."

Tanlac is sold in Jacksonville by Coover & Shreve, Elyotacoinn Coover Drug Co. and J. P. Shreve's, J. Earl Mills, Franklin, and J. L. Tuscher, Meredosa, and by the leading drug stores in every town.—Adv.

Governor Cox made no speeches in Maine. If he had made the exhibition of himself there that he has in other sections of the country the Republican landslide would have been increased by many thousands.

Now that the tariff question has become a very live one in the South, Congressman Heflin says that the Democratic party "is not opposed to a tariff." In which saying he is telling the truth, though, evasively. The Democratic party is one decord as favoring a tariff but for revenue only. What the New South wants is not a revenue tariff merely, but a protective tariff which will also be a producer of revenue.

It has been truly said that the people of a city must be willing to shoulder the work of the commu-

nity if they look for future success. They must be ready to put community welfare above individual prejudices or petty affairs. They must be willing to undertake and carry through the big things for their home town. That spirit has already been strongly manifested in Jacksonville. An opportunity is now offered to all to contribute to a good cause—Passavant Hospital,—one that is of actual benefit to the community, not only to sufferers who can be cared for but to the business men in the trade the institution brings. Be liberal in your contribution to the general good.

A VITAL NEED Mrs. Theodore Roosevelt, Sr., in an appeal to women voters to support the Republican ticket in November says:

"The country's vital need is the election of the Republican candidates, Warren G. Harding and Calvin Coolidge. Only will the full measure of Americanism in the next administration be attained if the people shall declare for the party which holds true nationalism as its high ideal. It is not necessary to forget our duty to our neighbor in our duty at home.

"The time appeals most strongly to the manhood and the womanhood of America. To woman more than ever before because to her has come the perfected opportunity to make her influence weighty in behalf of the nation.

"This year as never before, with world conditions as they are, steadiness and staunchness of American purpose are obligatory if we would first bring back our country to its stable place and

then by strong endeavor do all that can be done for peace and the general welfare in all lands."

That the safety first efforts on the part of railway managers and employees has produced appreciably favorable results is shown by a comparative statement of the loss of life on American railways at the beginning and the end of a period covering nearly ten years. Samuel O. Dunn, editor of the Railway Age, speaking before the National Safety Council, made the statement that notwithstanding an increase of seventy per cent in the volume of freight handled, and of thirty per cent in the number of passengers carried, the death toll had been materially reduced. In 1910, the number of employees killed as the result of train operation was 3,383. In 1918, it was 2,781. The number of passengers killed in 1910 was 421; in 1918, 432. This does not signify, however, that there should be any slackening in the safety first movement. Altho the reduction is encouraging, the number of fatalities is still far too large. In 1918, a total of 3,123 persons were killed as the result of train operation. That makes an average of more than eight a day. The killing of eight persons in a single train wreck would furnish the occasion for long accounts in the newspapers and much discussion to cause and responsibility, while the killing of eight persons daily at widely scattered points passes unnoticed. Discussing this question, the Boston Transcript says that if the figures quoted are correct railway travel is safer than ever before. It is not an unreasonable claim that a railway train is a place of much greater safety for the individual than is a city street. The man in the railway car is a better risk the accident insurance company than the man on the sidewalk. "But what has been accomplished in adding to safety on the railroads should be regarded as progress toward a goal rather than the attainment of the end in view. There should be no slackening of effort because of the results already obtained. Railway managers should study with open mind newly created devices intended to reduce danger of life and limb.

"I Only Wish I Had Known of anlac Sooner," Says Miss Ayers—Housework is Now a Pleasure.

"Tanlac has made me so well and happy that I wish I had taken it a long time ago," said Miss Edith Ayers, 400 1/2 Ohio street, Terre Haute, Ind.

"I had suffered with my stomach and kidneys for three years," she said, "and just had to stay in bed most all of the time. I could not eat without suffering from indigestion, my back pained me fearfully and I often had spells of weakness that made me unfit to do my work. I did not have strength to run my sewing machine, and nearly all the money I made had to go for medicine. My head ached like it would burst and I was in such a weak, run-

down condition that I feared I would have to give up my business. "I bought a bottle of Tanlac and I wish I had known about it sooner. Before my first bottle was finished I began to feel better, my nerves quieted down and my appetite picked up and I could sleep soundly. After taking my second bottle all my stomach misery and backache and headache had disappeared. I have taken four bottles of Tanlac now and besides doing all my housework I am doing three or four times as much sewing as I have ever done before, and I can get around better than I could ten years ago. Tanlac has made me feel like an entirely different person."

Tanlac is sold in Jacksonville by Coover & Shreve, Elyot, Coover & Coover Drug Co. and J. F. Shreve's, J. Earl Mills, Franklin, and J. L. Tischer, Mercedia, and by the leading drug stores in every town.—Adv.

CLEVELAND WINS OPENING GAME FROM BROOKLYN

(Continued from Page One.)

between Cleveland and New York in this city.

Cleveland got the jump on Brooklyn by scoring two runs in the second inning. Burns, first man up, hit a high fly to Konetchy. The wind caught the ball and Konetchy jogged a step backward, then sidewise and in the end the ball dropped safely to the ground. Konetchy picked up the ball and threw to second to head off Burns, but no one was there to receive the throw and the ball went to left field. Burns meanwhile completing the circuit for the first run. Wood drew a pass and went to third on Sewell's single to right center. Wood then scored on O'Neill's double down the left field line.

In the fourth inning with one out, Joe Wood doubled to left center and remained at the midway when Sewell filed to Myers. Wood scored on O'Neill's double to right.

Brooklyn's only run came in the seventh when Wheat led off with a double to right. He took third while Myers was being retired at first and scored when Konetchy was put out at first, Burns to Coveleskie.

COMPLETING WORK BEGUN YEARS AGO

Present Campaign for Passavant Hospital Is Part of Original Movement to Provide Betterments.

A well known resident who is familiar with the record of Passavant hospital, said yesterday: "You should correct the idea that some people have that this is one of a series of campaigns for Passavant hospital and that such a campaign is undertaken every few years. The fact is that before the war time a campaign was started to raise \$100,000 for the hospital to pay for an addition and to make various changes and improvements. At that time only about one half the sum was raised. Then came the war period and by another special effort about \$20,000 was added to the fund.

WEMPLE ISSUES REPUBLICAN CALL

SOVIET AUTHORITIES ARE NOW READY TO MAKE CONCESSIONS

Several Hundred French Citizens Reach Paris on Special Train

REPORT SITUATION WAS DESPERATE

PARIS, Oct. 5.—In comment today upon successes of the Poles and General Wrangel against the Russian soviet troops the opinion was expressed by the French foreign office that the situation of the soviet government had never been precarious.

The soviet authorities, it was declared, are now ready to make concessions, as was shown by their present eagerness to fulfill their agreement for the repatriation of French citizens from Russia. Great reluctance had previously been displayed by the Moscow officials to carry out the undertaking. Several hundred of French citizens reached Paris last night on a special train, and 500 more crossed the Finnish frontier yesterday.

Today, the foreign office added, Moscow said that another trainload would reach Finland tomorrow.

Advices also have reached the foreign office that General Wrangel's advance in south Russia is continuing, and that the rout of the northern soviet armies facing the Poles has been complete.

In interior Russia the foreign office advices showed, it was said, that the situation was desperate owing to the threatened famine, which it was predicted would make the two previous lean winters seem to have been seasons of abundance by comparison.

BABY NAMED LYDIA E.

Because Her Mother Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"I could not write all my thanks for your blessed medicine, Lydia E. Pinkham's Vegetable Compound. I was in a very bad condition and had lost two babies. One of my good friends told me about Lydia E. Pinkham's Vegetable Compound and after I had taken eight or ten bottles I felt like a different woman. I kept on taking it until my baby girl was born last month and we have had her christened Lydia Elizabeth. I wish you to publish my letter to benefit other women who are suffering as I was."—Mrs. KATHERINE KURZ-BACKER, 1086 Manhattan Avenue, Brooklyn, N. Y.

Women who suffer from any feminine ailment should not lose hope until they have tried Lydia E. Pinkham's Vegetable Compound.

The many convincing testimonials constantly published in the newspapers ought to be proof enough for women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

Cleveland got the jump on Brooklyn by scoring two runs in the second inning. Burns, first man up, hit a high fly to Konechy. The wind caught the ball and Konechy jogged a step back, then sideways and in the end the ball dropped safely to the ground. Konechy picked up the ball and threw to second to head off Burns, but no one was there to receive the throw and the ball went to left field. Burns meanwhile completing the circuit for the first run. Wood drew a pass and went to third on Sewell's single to right center. Wood then scored on O'Neill's double down the left field line.

In the fourth inning with one out, Joe Wood doubled to left center and remained at the mid-way when Sewell flied to Myers. Wood scored on O'Neill's double to right.

Brooklyn's only run came in the seventh when Wheat led off with a double to right. He took third while Myers was being retired at first and scored when Konechy was put out at first, Burns to Covelleskie.

COMPLETING WORK BEGUN YEARS AGO

Present Campaign for Passavant Hospital Is Part of Original Movement to Provide Betterments.

A well known resident who is familiar with the record of Passavant hospital, said yesterday: "You should correct the idea that some people have that this is one of a series of campaigns for Passavant hospital and that such a campaign is undertaken every few years. The fact is that before the war time a campaign was started to raise \$100,000 for the hospital to pay for an addition and to make various changes and improvements. At that time only about one half the sum was raised. Then came the war period and by another special effort about \$20,000 was added to the fund.

"So the present effort for \$30,000 is not a third campaign. It is merely the finishing up of work planned years ago. At that earlier date the hospital trustees had a definite idea of the needs of the hospital in betterments and enlargements, and today people are simply asked to complete the task and to give to the city the needed facilities."

WEMPLE ISSUES REPUBLICAN CALL

A call was issued yesterday by Chairman C. F. Wemple of the Republican central committee, for a meeting to be held at the court house on Friday Oct. 8th. The meeting will be called to order at 12 o'clock noon and all members of the committee are urged to be present.

Chairman Wemple will announce the committee appointments at this meeting and plans for the campaign will be discussed.

Mrs. A. D. Gibson helped represent Franklin in the city yesterday.

SOVIET AUTHORITIES ARE NOW READY TO MAKE CONCESSIONS

Several Hundred French Citizens Reach Paris on Special Train

REPORT SITUATION WAS DESPERATE

PARIS, Oct. 5.—In comment today upon successes of the Poles and General Wrangel against the Russian soviet troops the opinion was expressed by the French foreign office that the situation of the soviet government had never been so precarious.

The soviet authorities, it was declared, are now ready to make concessions, as was shown by their present eagerness to fulfill their agreement for the repatriation of French citizens from Russia. Great reluctance had previously been displayed by the Moscow officials to carry out the undertaking. Several hundred of French citizens reached Paris last night on a special train, and 500 more crossed the Finnish frontier yesterday.

Today, the foreign office added, Moscow said that another trainload would reach Finland tomorrow.

Advices also have reached the foreign office that General Wrangel's advance in south Russia is continuing, and that the rout of the northern soviet armies facing the Poles has been complete.

In interior Russia the foreign office advices showed. It was said, that the situation was desperate owing to the threatened famine, which it was predicted would make the two previous lean winters seem to have been seasons of abundance by comparison.

BABY NAMED LYDIA E.

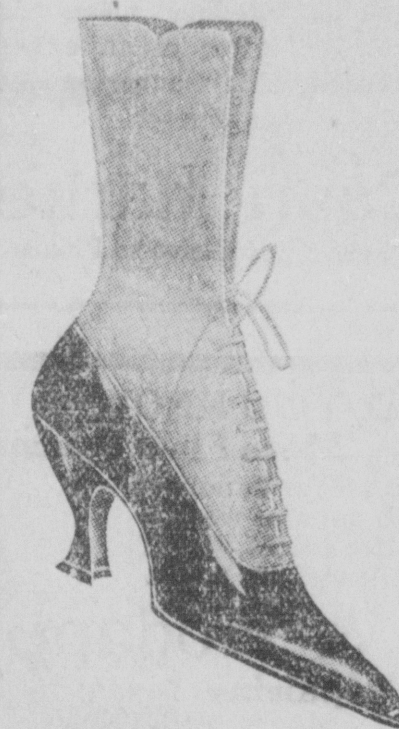

Because Her Mother Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"I could not write all my thanks for your blessed medicine, Lydia E. Pinkham's Vegetable Compound. I was in a very bad condition and had lost two babies. One of my good friends told me about Lydia E. Pinkham's Vegetable Compound and after I had taken eight or ten bottles I felt like a different woman. I kept on taking it until my baby girl was born last month and we have had her christened Lydia Elizabeth. I wish you to publish my letter to benefit other women who are suffering as I was."—Mrs. KATHERINE KURZBACHER, 1086 Manhattan Avenue, Brooklyn, N. Y.

Women who suffer from any feminine ailment should not lose hope until they have tried Lydia E. Pinkham's Vegetable Compound. The many convincing testimonials constantly published in the newspapers ought to be proof enough for women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

CONDITION OF LORD MAYOR OF CORK UNCHANGED
Reports Have Been in Stereotyped Form
KNOW HE IS RECEIVING NO FOOD

LONDON, Oct. 5.—(By The Associated Press.)—The condition of Terence MacSwiney, lord mayor of Cork incarcerated in Brixton prison remained unchanged tonight. Authentic information regarding Mayor MacSwiney's fast continues to be confined to cryptic statements issued by the home office and the somewhat more elaborate bulletins from the London headquarters of the Irish Self-Determination League. The statements from both sources have been for some time of a rather stereotyped form, with the words "weakened," "exhausted," and "prostrate," but inquirers today in both quarters brought word that neither government officials nor the MacSwiney family believe the prisoner is in the immediate danger of death. Will Require Careful Nursing Officials of the league said they thought that "careful nursing" would restore the mayor to normal health should his release in some unforeseen manner be effected within a few days. The same informants expressed the opinion that Mayor MacSwiney would be able to withstand the effects of his abstinence from food for "quite some time." The home office, which from the beginning of the mayor's transfer to Brixton prison, has manifested marked reluctance to discuss the case, withheld comment on these possibilities. "So far as we know, he is receiving no food," remains the only government reply to queries. Many observers accept as entirely the Irish nationalist contention that the fast is merely an illustration of the supremacy of the mind over the body and that expert nursing and the vigilant watch maintained for the detection and quick treatment of threatened complications are playing an important part in MacSwiney's surprising demonstration of endurance.

FIFTY HIGH SCHOOL STUDENTS EXPELLED
PEORIA, Ill., Oct. 5.—More than fifty high school students were expelled today by school officials because they are alleged to belong to fraternities, sororities and other secret organizations. Notice of their suspension was given in form of a circular letter to their parents in which the law in regard to secret societies was stated and the parents informed that the students would not be allowed to return to school until they had resigned from the societies.

HOUSTON HOST TO VETERANS
HOUSTON, Texas, Oct. 5.—Houston tonight was host to more than 8,000 gray-haired members of the United Confederate Veterans, who have gathered for their 30th annual re-union. The first session of the joint reunion of the veterans, the Sons of Veterans and the Southern Confederate Memorial association was held this afternoon. The first session of the reunion of Sons of Confederate Veterans was held tonight.

GOV. ALLEN ATTACKS CHICAGO BOARD OF TRADE
HARPER, Kansas, Oct. 5.—Governor Allen in an address here today denounced the tactics of the Chicago Board of Trade in hammering down the price of wheat and announced that he had made a request of President Wilson that he investigate the Board of Trade with a view of preventing such tactics. He has asked the president to lay an embargo upon Canadian wheat.

WILL START CANVASS OF ILLINOIS VOTE
SPRINGFIELD, Ill., Oct. 5.—Canvass of the Illinois vote cast in the primary will start tomorrow according to announcement of the secretary of state following the receipt this afternoon of Cook county's totals from Chicago. Tomorrow, under the law, is the last day for the canvass. Governor Lowden who is due to arrive late tonight with the secretary of state and the state treasurer compose the canvassing board. Official announcement of candidates will be withheld ten days after the canvass to allow for withdrawals.

WILL INCREASE QUINCY'S STEAM HEAT RATES
Springfield, Ill., Oct. 5.—Advance of the charge for steam heat in Quincy from fifty to sixty five cents a thousand pounds condensation, was approved by the state public utilities commission today. Ninety seven per cent of the consumers had agreed to the raise, according to the company's petition. The increase will produce \$12,000 annually, which will meet the advanced cost of coal and labor, the commission's order said.

REDUCTION OF FARM PRODUCTS CAUSES LOSS
Washington, Oct. 5.—Reductions during July and August in the prices of various farm products cost the farmers of the country approximately \$1,750,000,000, it was estimated today by George P. Hampton, managing director of the Farmers' National Council. The estimate was based on the prices producers received for wheat, corn, potatoes, apples, cotton and beef cattle.

RETAIL PRICES LOWER
NEW YORK, Oct. 5.—Retail clothing prices are lower now than the cost of their manufacture and the reduction is due to the efforts of manufacturers to aid in bringing down price levels. Eli Strouse, president of the National Association of Clothiers announced tonight in an official statement. Goods now on sale were made six months ago when costs were higher, Mr. Strouse stated, and manufacturers feel that the turning point of high clothing prices has been reached.

Has It Progressed As It Should Have in Recent Years?
¶ We have adopted latest methods and systems in our business, we have improved our farms and farming methods, we have gone from horse-drawn vehicles to automobiles and air ships in the past score years. During that time we have neglected the upkeep of our hospital shamefully, instead of its being kept modernized to the same point of efficiency as our private interests we have allowed it to remain in the horse-drawn vehicle age.
¶ It has now been called to our attention by the trustees and the few loyal workers how woefully lax we have been in helping to keep this necessary institution up to a standard basis. Passavant Hospital Campaign Makes Good Progress

There was plenty of interest shown at the noonday luncheon of workers in the Passavant hospital campaign Tuesday at the Peacock Inn. About forty persons were present representing both city and country precincts. Chairman Brown in making the announcements urged the workers to be certain to attend today at 12:15, when still more interesting reports are expected.

The total of pledges to date is something over \$4,500, which means that more than one-fifth of the total fund has been secured. The sums reported yesterday by the country districts have not yet been made report, and the same was true with the third ward in Jacksonville.

The reports made were as follows:
 Twp. 16-9, Frank Hunter, \$75.
 Twp. 15-9, Mrs. W. T. Scott, \$137.50.
 Twp. 15-10, H. E. Kitzer, \$102.
 Markham, Allinson Thomason, \$88.50.
 Chapin, Miss Amy Onken, \$117.
 First ward, Edward Brennan, \$485.
 Second ward, John S. Hackett, \$839.
 Fourth ward, Fletcher Hopper, \$620.

George Goebel reported progress being made in the South Jacksonville campaign.
 When the third ward was called Albert Metcalf stated that there has been some delay in the third ward but that the workers are busy and expect to have something worth while to report today.
 T. C. MacVicar is the captain in the fourth ward but was of necessity out of the city Monday and Tuesday. He had delegated the work to T. A. Chapin, who was also called out of the city and in their stead Fletcher Hopper served as the captain.

Felix E. Farrell for the committee from the trustees, which also includes H. J. Rodgers and Dr. A. L. Adams reported that \$2,000 of the \$3,000 necessary to

secure A. A. Curry's offer of \$2,000 had been pledged. This means a total of \$4,000 from the hospital board which includes the trustees, physicians and nurses. The committee expects soon to be able to report the additional \$1,000 raised.

H. M. Capps as city chairman urged the members of the team to call at headquarters and look over the cards. He said that at least 1100 good prospects were listed there and that there is no doubt at all about the securing of the fund and the success of the campaign if the workers will simply call upon the people. He said that canvassers who had worked in a house to house way had reported that at least 80 per cent of the people called upon are contributors.

Chairman Brown expressed his pleasure in presenting Miss Verner, superintendent of the hospital, to speak briefly. Miss Verner said that the question of how much charity work the hospital does is quite frequently asked and she thought that this question had been very clearly answered by Mr. Farrell in his address at the luncheon last Friday.

Miss Verner suggested that it had been well said by Dr. Passavant that the hospital is for "works of mercy" and that too often these cannot be counted among charity activities but nevertheless are of great value to the community. She said that when people are taken suddenly ill and are removed to the hospital for immediate attention, that a work of mercy is performed even though the person is quite able to pay for the service rendered. She mentioned that when she returned to the hospital a few days ago she found two women sitting on the porch weeping. They were relatives of a railroad employee who had just been crushed in an accident and was on the operating table. The railroad will pay for the service rendered, but who can deny the advantage to the community in having the hospital where such emergency cases can be given care and attention?

LECTURE WAS HEARD WITH MUCH INTEREST

Dr. G. H. Moulton Discussed "Applied Psychology" at Central Christian Church Tuesday Night—Will Give Series of Lectures Here.

Dr. G. H. Moulton held the audience for an hour and twenty minutes last night at Central Christian church, explaining the laws of psychology. He dwelt upon the general advance in the material world and then the advance in the mental realms, analyzed the powers and functions of the mind, spoke of the formation and growth and dwelt at some length on thought vibration, holding that each individual by his thought waves builds an atmosphere, not only of his personality, but in his place of business or home.

The speaker put much emphasis upon thoughts and their control of the physical body. The laws of suggestion were explained, in their relation to business, salesmanship, education and religion. He touched upon the subject of personality and personal power, and mind forces, telepathy or thought transference. It was Dr. Moulton's statement that the new cults had some truth in them, but that they need not be adopted or enable one to accomplish all that was done thereby.

Dr. Moulton exposed some of the fraudulent practices of the so-called clairvoyants and stated that in the course of the lectures he is to give he would fully analyze and give methods of application for all the laws governing this subject.

The audience last night was composed of representative people of the community. Rev. A. A. Todd, Dr. T. H. Tull, Rev. M. L. Pontius and others made brief remarks at the close of the speaker's address, urging the people to attend the lectures which Dr. Moulton is to give locally.

TRUSTEE MAKES REPORT AND ASKS DISCHARGE

H. B. Keplinger as surviving trustee under a conveyance in trust for the benefit of Sarah P. Dodsworth, et al., has filed in the circuit court a petition for an order permitting him to resign. The petition sets forth that in December, 1892, Mr. Keplinger and Edward P. Kirby were appointed trustees under a certain conveyance in trust, made by William T. Dodsworth for the use of Sarah Dodsworth, his former wife, and his four children, John R. Dodsworth, Frances Marion Dodsworth, William C. and Sarah P. Dodsworth.

The trustees continued to act together until the death of Judge Kirby, in February, 1917. The principal sum of the trust amounted to \$3,000 and was kept invested on real estate security. The petitioner sets forth that he expects to be away from the county during the winter and for that reason wishes to be relieved from the duties incident to the administration of the trust. Three of the children mentioned in the conveyance have died since it was executed.

The report which covers the acts of the trustees from December, 1920, shows total receipts of \$7,452.83 and total disbursements of \$4,452.83, leaving the original sum of \$3,000 on hand.

WILL GIVE PICTURE SHOW BENEFIT

Arenzville Theater Managers to Aid Passavant Campaign—Money Toward Concord Quota.

Messrs. Janssen and Brockhouse, who are managers of the Electric Theater at Arenzville, are to give a special picture show Wednesday, Oct. 13, for the benefit of Passavant hospital fund. The name of the film has not been announced but it will be one of high class and will doubtless draw a large attendance.

The managers of the house are donating their services and all the proceeds will go to the hospital fund and be credited to the Concord quota. W. R. Zahn of Concord was in Jacksonville Tuesday and notified the local committee of the arrangements made.

The picture theater man are doing a nice thing and no doubt patronage will be liberal.

Received Tuesday by express, a lot of boys' slipover sweaters in fancy stripes. Get your size early. T. M. Tomlinson.**MR. CAPPS SAYS ACTIVITY IS WATCHWORD FOR WORKER**

H. M. Capps, city chairman Passavant hospital campaign, has during recent years taken an active part in a number of similar campaigns. Mr. Capps indicated yesterday that after looking over the list of workers and the prospective contributors, that he never felt more confident of campaign success.

"All that remains," said Mr. Capps, "is for the solicitors to interview the people. The canvassing work thus far gives proof that the people are ready and expecting to contribute toward their hospital," and if the solicitors are faithful in their work during the next two or three days the total sum will readily be secured.

"I know that most of our city solicitors are busy people, but I am confident that does not mean that they will not be able to find the few hours necessary each day for this canvassing work. I especially urge the members of all the city teams to begin today and to call upon all their prospects in a systematic way."

SPECIAL CHAPEL SERVICE AT ILLINOIS COLLEGE

The chapel exercise at Illinois College yesterday morning were under the auspices of the Y. W. C. A. and the Y. M. C. A. of the college. The student members in charge of the meeting were Miss Alice Bray and Francis Thurman.

One of the features of the exercises was a talk given by Miss Margaret Moore, a worker in the Y. W. C. A. Miss Moore had a wide experience in the work both in the United States and Germany. Her address was very interesting and informal. Rev. W. Ernest Collins then made an appeal in behalf of the Y. M. C. A. In his talk Mr. Collins emphasized the necessity of helping this kind of work and the benefits derived from a connection with it. The meeting closed with prayer by Mr. Thurman.

"The Bank That Service Built"

MIN' AND "ANDY" COMING

THURSDAY NIGHT

Patrons of the drama will be glad to know that the grand theatre has arranged for a presentation of some of the best important theatrical attractions for the current season presented at the Grand in a single theatrical year.

A new and novel musical farce comedy devised along wholly unique and extremely ludicrous lines, entitled "The Gumps," with James R. Fraser and original company of forty to appear Thursday night.

The motive of the comedy and its elements characters employed were drawn from "The Gumps" cartoons, which have wide circulation in the comic sections of a chain of important newspapers throughout the country.

The stage version of "The Gumps" was written by Howard McKent Barnes in collaboration with Sidney Smith the author of the cartoons, and the lyrics and music the work of Casper Nathan and Isahm Jones.

The attraction is said numbers forty persons, including a clever girl chorus, sumptuously costumed and projected with the very latest theatrical mechanical contrivances, adorned with brilliant electrical effects and consummate scenic and property equipment.

Boys' dark blue, with orange trimmed sweaters. The new things at Tomlinson's.

WILL HOLD SPECIAL ELECTION AT CHAPIN

A special election will be held in Chapin Saturday, Oct. 30, to choose three trustees. One of the present board recently resigned, another has resigned, with his family to Herin, Ill., and the third is planning to spend the winter in California. This situation made the necessity for the special election.

GOOD PRICES PAID

AT PUBLIC SALE

A public sale was held Tuesday at the home of J. C. Decker four miles east of Liberty. There was nothing to indicate at this sale that there is any depression in the prices of farm products for the bidding was at all times spirited and everything sold well. The sale totalled about \$4,000.

W. H. Crum was the auctioneer and Fred Bridgman the clerk. Oliver Shuff purchased a cow for \$120 and Walter Long a cow for \$105. A team of 10 year old mares sold to Edward Ator for \$250. Other representative sales were one heifer, \$75; 1 spring calf \$44; 47 spring pigs \$25 per head; 10 sows with young pigs at prices ranging from \$65 to \$75; 1 boar \$75.

CIRCUIT COURT SUITS.

Arrangements are rapidly being completed for the state conference of charities and corrections which will be held in this city the three final days of the month, Oct. 29, 30 and 31. This will be the twenty-fourth annual meeting of the conference. During its existence it has borne the message of the progressive Illinois plan of welfare work to the larger cities of Illinois in the territory bounded by Rockford on the north and Alton on the south. The purposes of the meeting include:

Personal conference of community welfare workers on their practical problems. Presentation of various state plans for institutions and agencies of social betterment. Visitation of institutions in and near Jacksonville.

In addition to the larger cities mentioned, the influence of the conference has been felt in other cities and communities as charitable societies, institutions, health departments, courts, churches and women's clubs have sent delegates to the conference. The general meetings at the conference here will be addressed by speakers of national reputation. Visiting delegates will have ample opportunity to talk over their problems with recognized leaders in special fields of work.

Some of the Themes. The program for the Jacksonville Conference will include addresses or section meetings on: Child welfare. Community surveys in Illinois. The Negro problem. Mental health. Plans for the physically handicapped.

The treatment of delinquents. Organization of local charities. The importance of the Jacksonville meeting is shown by the fact that among other groups the County and Probate Judges' Association, the State Probation Officers' Association and the Association of County Home Superintendents have arranged to meet in conjunction with the Conference of Charities.

The conference organization is as follows: President, Hon. Perry N. Persons, Waukegan, Judge of the Probate and Juvenile courts. First vice president—Dr. Thomas Leonard, Lincoln. Second vice president—Mrs. William Barnes, Decatur. Secretary—Miss Annie Hinrichsen, Springfield, executive secretary State Welfare Commission.

The conference will be held thru the co-operation with the department of public welfare and the program committees and chairmen are: Children—Dr. Caroline Hedger, Chicago. Corrections—Judge James C. Riley, Bloomington. The Family—James C. Kennerly, Chicago. Community Development—John E. Ransom, Chicago. Mental Hygiene—Dr. Ralph Trullitt, Chicago.

VISITORS FROM THE WEST

CONGREGATIONAL PRAYER SERVICE
The Congregational church prayer meeting will be held tonight at the home of Mrs. Ellen Merrill on Westminster street.

MISSIONARY SOCIETY MET IN WINCHESTER

Woman's Missionary Society of Christian Church Meets with Mrs. Elmore—Other Winchester News Notes.

Winchester, Oct. 5.—Members of the Woman's Missionary society of the Christian church were entertained Tuesday afternoon at the home of Mrs. W. S. Elmore. After a pleasant social time refreshments were served by the hostess. In every way the occasion was a pleasant one for the ones present.

Guy Paul left on the early train Wednesday morning for a short stay in St. Louis.

Mrs. Sam Woodall and son of Alsey were business visitors in Winchester Tuesday.

Miss Perry Coultas returned Monday night from St. Louis, where her sister, Mrs. Alva Stainsforth of Valier, Ill., underwent an operation at the Baptist hospital Monday. The latest report was that Mrs. Stainsforth was getting along as well as could be expected. Her friends hope for her speedy recovery. Her parents, Mr. and Mrs. Charles Coultas, and her husband are with her.

Mr. and Mrs. Ivan Hawk have rented the property recently occupied by Frank Mason and family. Edward Collier arrived Tuesday from Peoria to visit relatives and friends.

WHITE HALL MAN IS INSTANTLY KILLED

Sloss McAdams Met Death at 6 o'clock Tuesday Night Beneath Chicago & Alton Train.

White Hall, Oct. 5.—Sloss McAdams was instantly killed tonight at 6 o'clock as he started to drive across the Chicago & Alton railroad at a point just south of the interlocking switch tower. McAdams evidently did not see No. 33, the southbound train, approaching and drove on the track. His mangled body was found a little later on the pilot of the engine. The wagon was demolished but the horses escaped injury.

The deceased was sixty-five years of age and had been resident in this locality for a great many years. He is survived by four daughters.

A VALUABLE PUBLICATION

There is taken at the public library a very valuable publication, the quarterly Bibliotheca Sacra, issued at Oberlin, Ohio. It is particularly desirable for any minister and any other person who enjoys reading on important subjects pertaining to the bible and religion as well as current events, will find it very acceptable. It is possible that not many in the city are aware of the fact that it is taken at the library. The editor is the world wide famous geologist, Prof. G. Frederick Wright, a man who is an international authority on glaciers as well as geology in general. His publications are numerous and his books are of origin and antiquity of man, his autobiography and his book on scientific confirmation of the old testament, as well as several books are the works of a master mind.

RED MEN PARADE WAS BIG SUCCESS

Over Two Hundred Were in Line of March—Work Followed at the Wigwam and Then Lunch Was Enjoyed.

An unqualified success was the annual parade given by members of Delaware Tribe No. 78, Improved Order of Red Men held Tuesday evening. More than two hundred members of that order were in the line of march and there were visitors from a number of adjacent tribes. The weather was ideal for the event and the parade was witnessed by a large crowd.

The parade formed at the entrance to the wigwam on South Main street and was under the direction of Charles S. Black, assisted by A. D. Arnold.

The line of march was around the square to East State street, east on that street to Clay avenue and counter march back to the square. Around the square to West State street and west on that street to Church street and counter march back to the square and around the square to the wigwam. Charles DeSilva's drum corps kindly furnished some excellent march music and there also were tom toms in evidence. Many of the marchers were in full regalia and presented a fine appearance. There also were several drags which carried papoosees.

Following the parade a large number of members assembled in the degree room where the three degrees of the order were conferred on a class of pale faces. The work of the degree team was as usual, excellent, and was given close attention by not only the candidates but the members as well.

At the conclusion of the work the members adjourned to the dining room where the entertainment committee served an excellent luncheon. This was followed by a smoker and a social time after which the members trailed to their several tepees, voting the occasion a most enjoyable one.

IT WAS S. G. CHUMLEY

The reporter was in error in the account of the board of education meeting in stating the name of the successful contractor for the new boiler house. He was S. G. Chumley.

The mid-week meeting of the Congregational church will be held this evening at the home of Mrs. George Merrill on Westminster street.

ALEXANDER COUPLE TO WED THIS MORNING

Frank P. Johnson and Miss Rose Ludwig to be United in Marriage at 8:30 o'clock—News Notes from Alexander.

Alexander, Oct. 5.—The marriage of Frank P. Johnson and Miss Rose Ludwig, both of Alexander, will occur at the Church of Visitation at 8:30 o'clock Wednesday morning. Rev. Father P. A. Lucius officiating. The bridesmaid will be Miss Minnie Ludwig, sister of the bride, while the groomsmen will be Edward Ludwig, brother of the bride, Harold Ryan and Phillip Hohmann will serve as ushers.

As the bridal party enters the church, Mrs. Anton Graef of Jacksonville will play the wedding music from Lohengrin. The decorations at the church are to be of fall garden flowers. The bride will be attired in a suit of navy blue duvetyne and will carry a bouquet of bride's roses. The bridesmaid will appear in taupe velour and will also carry roses. Following the ceremony at the church a wedding breakfast is to be served at the home of the bride's mother, attended only by relatives of the contracting parties. Later in the day the bride and groom will leave for Chicago and upon their return about Oct. 15 they will begin housekeeping in Alexander.

The bride is the daughter of Mrs. Barbara Ludwig and belongs to one of the well known families of Alexander precinct. She received her education in the Alexander schools and later took a course at Brown's Business college in Jacksonville. She is a young woman of much charm of manner and is very popular with the young people of her home community.

Mr. Johnson is a son of Mr. and Mrs. Andrew Johnson, Sr., and has spent all his life in the Alexander neighborhood. He has for some years been engaged in farming, in which occupation he has been very successful. Altho he and his bride will reside in Alexander, Mr. Johnson will still devote himself to his farming interests.

This bride and groom begin their wedded life under very auspicious circumstances and have the best wishes of their many friends.

News Notes

Mrs. Mary Peters and two daughters of Boston, Mass., are guests at the home of Mrs. Peters' sister, Mrs. P. J. Kaiser. Jimmie Johnson, son of Andrew Johnson, Jr., fell from a fence at the school building today, breaking his arm. He was taken to Our Savior's hospital this afternoon for treatment.

How Do You Feel?

Fine? Then read no farther. This is only information for people who don't feel just exactly right. Perhaps it is only a temporary disorder and you will feel alright tomorrow. But if you don't feel better then, drop in and very likely we can give you something or recommend something that will straighten you up in a hurry. But if it is a chronic trouble the best thing for you to do is to see your doctor and he will likely prescribe some remedy. Then if you want that prescription filled correctly and with absolutely pure drugs, bring it to

There Is Only One

Solution of the Tire Problem

A lot of people have experimented to their sorrow, in an attempt to find a short cut to Tire economy.

IT SIMPLY CAN'T BE DONE

Once in a while you may buy a cheap first-cost Tire that also proves to be a cheap last-cost tire. But for every time this happens there are hundreds of instances where the reverse is true.

If cheap tires were also good tires we would know it and we certainly would be selling them. Please understand we are not trying to solve the tire question for you. We simply want you to be convinced as we were. Dozens of tire representatives call on us constantly in an effort to sell us their line of tires and still in spite of this we thing Goodyear Tires are the safest tires in America for you and for us to buy. We think so because more people ride on Goodyear Tires than on any other kind.

We would be unwilling to take the word of any one man, or the word of a hundred men on a subject like this, but, when the largest single group of tire buyers in the world decides to use Goodyear Tires, then we can't help but be convinced that

Goodyears are the best.

Are You Using Goodyear Tires,
or Are You Still Experimenting?

The New Farm Hand-Gasoline Power

THE average ownership of automobiles for 1919 was one car to every 14 persons in the United States. But in making this average, the states outside the Middle West (including the states of the east, with their congested city traffic) showed but one car for every 19 persons.

The states served by the Standard Oil Company (Indiana) such as Kansas, showing one automobile for every 8.9 persons; Iowa with a car for every 7.8 persons, or South Dakota, with a machine for every 8.3 persons—raised the national average.

The people of the Middle West—pre-eminently the farming section of the nation—own about one-half the motor cars of the country. The major portion—almost 65% of these Middle Western cars are farmer-owned. Investigation has further proved that over 75% of the Middle Western farmers bought their cars, not for pleasure, but for business.

Gasoline-power is the new hired hand on the farm. To maintain the continuous operation of this power is one of the leading services rendered by the Standard Oil Company (Indiana).

To increase the nation's food supply, the farmer must depend upon his gasoline supply. Some one must continually anticipate production difficulties, overcome transportation delays, so that his tractor and his truck and his car may operate whenever the plowing, cultivating, seeding, harvesting, housing or marketing of his crops must be done.

It was to insure dependability in supply of petroleum products to the consumer as well as to lower their prices, that the Standard Oil Company (Indiana) built up its "cycle of service," carrying its products from the refinery direct to the consumer. All savings effected through this efficiency in organization are passed on by the Standard Oil Company (Indiana) to the consumers of its products.

HARMON'S FOOTBALL TEAM IN PEST HOUSE

Practically Entire Squad Down With Diphtheria—Game With University of California Postponed.

Friends here have received word that practically the entire University of Santa Clara team coached by R. E. Harmon of this city is afflicted with diphtheria. Harmon's squad had prospects of being one of the best, if not the best on the Pacific coast this year. They had a victory to their credit over the Olympic Athletic Club of San Francisco and was to have played the University of California last Saturday.

The game was not played and football fans who are following the work of the team with considerable interest were unable to understand what caused the postponement. A letter and several newspaper clippings received Tuesday brought the information that it was not of a cheering nature. The following from the San Francisco Call and Post explains the situation:

By FRANK P. NOON

Gloom pervades the campus at Santa Clara.

With the announcement that the California-Santa Clara football game, scheduled for Saturday has been called off at request of Dr. Joseph Saths, head physician at Santa Clara, after an examination of the eleven grid stars confined in the infirmary, undergraduates immediately gathered in little bunches on the campus and discussed the gloomy outlook of the varsity eleven this season.

Altho Father Joseph A. Sullivan, vice president of the university, issued a statement immediately after Dr. Saths had concluded a consultation with a staff of physicians, in which he said the varsity would be up and again to go after the Bruins on October 12, the students were a bit inclined to believe that Father Sullivan's statement was to sort of cheer them up a bit.

With Coach Robert E. Harmon almost in despair at the outlook of what promised to be one of the most successful grid seasons in the history of the university, plans for building up a greater varsity team were being discussed.

With such stars as Baker, Pecarovich, Riley, Manelli, Ferrario, Jackson, Carroll, Bedolla, Mahoney and Schall on the sick list, recuperating slowly from an attack of an unknown malady,

the balance of the team, which consists of rather promising material, will take the field this afternoon and get into shape for the California game on October 12, should any of the men fail to report for practice who are now convalescing.

Following is the statement given out by Dr. Saths, following a conference with Father Sullivan and other members of the faculty:

"I am forced to forbid the varsity to participate in any game for next week. And owing to the fact that they have been weakened by fever and sore throats, I feel that they will be in good shape in the early part of next week."

MANY YEARS IN CAPITAL CITY WATER DEPARTMENT Springfield, Ill. — Following twenty-seven years of continuous service in the city water department, J. H. Hilton, of this city was presented with a purse of \$100 by Commissioner Willis J. Spaulding on behalf of the mayor and the city commissioners.

Springfield, Ill. — Local tuberculosis societies have been organized in approximately 70 of the counties of Illinois, according to figures at headquarters here of the Illinois Tuberculosis association. County school superintendents in more than 50 counties are reported to be issuing professional credits, ranging from 10 to 25, to teachers who carry on this home health work among their pupils.

Approximately 200 free clinics have been organized in the state thus far, with which over 1,200 doctors are cooperating.

County sanatorium projects have been approved in 70 counties, and in many are already established. The work of the Illinois Tuberculosis association is carried on thru four departments: The crusader department, which includes health instruction and practice in the schools of the state; the medical department; the nursing department, two nurses at present devoting their services to organization and relief work throughout the state; and a survey department, which develops the work in the local fields.

ROBERT L. LURTON PASSED AWAY TUESDAY

Well Known Resident Dies After Several Weeks' Illness—Had Lived in Morgan County All His Life.

Robert E. Lurton, member of one of the county's best known families died at Passavant hospital at 7 o'clock Tuesday morning. He had been at the hospital since August 30 and for several weeks no hope had been held out for recovery.

Deceased was the son of James H. and Mary E. Stribling Lurton and was born July 8, 1858. During his entire life he has resided east of the city where he followed the occupation of farming.

Mr. Lurton was a genial whole souled man who always had a cheery word and a smile for everyone and numbered his friends by the score. He was a member of the Baptist church and was a man who commanded the respect of all with whom he came in contact.

He is survived by one brother, Benjamin Lurton of South Jacksonville, and two sisters, Mrs. W. L. Black of this county, and Mrs. Joanna Sarchat, of Nutte, Mont. The remains were removed to Gilman's Funeral Home and prepared for burial. Funeral services will be held from the home at 2:30 o'clock Thursday afternoon in charge of the Rev. T. H. Tull, pastor of Grace church. Burial will be in Diamond Grove cemetery.

Vinton R. Wilse of Carlinville was attending to business matters in the city yesterday.

R. E. Bertram of Crystal Lake was visiting friends in the city Tuesday.

Mr. and Mrs. M. T. Dale of Alton were guests of friends in the city Tuesday.

Wayne Dinwiddle of Arcadia was attending to business matters in the city yesterday.

Constable Harley Adams was a business visitor in Springfield yesterday.

Miss Annie Hinrichsen of Springfield was visiting friends in the city Tuesday.

DISCUSSES SITUATION IN MALAY PENINSULA

Missionary From India Tells Rock River Conference of Mohammedans' Reversal of Thought Concerning Causes of World War.

Rockford, Ill. — A complete reversal of thought by Mohammedans concerning the causes of the world war is now going on, Dr. H. A. Musser, a missionary from Nagpur, India, told the Rock River Conference of the Methodist Episcopal church here today, representing the Centenary conservation committee of his church.

"Forty-seven millions in the Malay Peninsula are returning to the side of the Allies," Dr. Musser said.

"The Hindus are very loyal to the British Crown and reports otherwise are absolutely propaganda to create hatred against England in this country."

Regarding the extension of Methodist missionary work in China under the \$115,000,000 Centenary fund recently subscribed, Dr. Musser said:

"Chinese merchants themselves are outrunning the Centenary and urging the missionaries to do even larger things than the Centenary proposed to do. A group of Chinese merchants subscribed a half million dollars to push the proposition of a great Anglo-Chinese School Building in Singapore, and one Chinese gentleman has given 100,000 square feet of valuable property in the heart of Singapore. City worth \$3,000,000 in gold for endowment."

"In Java, an island as big as Ohio, with more people in it than live west of the Mississippi river, the Dutch Government has proposed to give 50-50 on all mission expenses for building, equipment, hospitals and doctors."

GOVERNOR'S DAUGHTER TO REPRESENT STATE IN TEXAS

The world's largest user of the purest and best maple sugar offers you the new Karo Maple

A rare and delicious syrup at a moderate price. Don't worry about the high price of maple syrup. Of special interest to every mother

When you wonder how the new Karo Maple gets its delicious tang of rich maple syrup remember—

The makers of Karo Maple use annually over a thousand tons of the purest and best flavored maple sugar from the finest maple groves in Vermont and Canada.

This is one reason why over five million cans of Karo Maple were purchased by American housewives last year.

This is a greater sale, by far, than any kind of maple syrup offered.

The moderate price of Karo Maple is also an attraction—it costs less than any other syrup of approaching quality and flavor.

Go to your grocer today and get a can of Karo Maple, in the GREEN CAN.

Compare it for price and flavor with other maple syrups. If you are not satisfied your grocer will give your money back.

POST NAMES OF POLITICAL OFFENDERS

Authorities of Peking Offer Rewards for Men Who Betrayed Their Country.

Peking.—The fall of the "Anfu clique," commonly identified as the pro-Japanese party of China because of the facility with which the Japanese have concluded plans with China in exchange for valuable concessions and privileges during the period of its predominance, is seemingly complete and irrevocable. So complete is the collapse that its chief representatives are at the moment in hiding with prices on their heads.

For five days every avenue leading from the legation quarter has been watched day and night and every passer-out, Chinese or foreign, has been subject to inspection, on the suspicion amounting to belief that those wanted are harbored in some one or several of the legations and that they will eventually try to escape from the city. Likewise all city gates are closely guarded to prevent passage of any of the proscribed list.

It is customary in Peking to post in railway stations and places generally where people congregate posters with the picture of persons known to be pickpockets, sneak thieves or burglars. Never before, however, in the memory of the oldest resident, have men who have occupied high places of

authority in affairs of the nation been so placarded.

This time, however, the streets were "billed" with cuts and descriptions of a half dozen of the chief political offenders, subjects of a presidential decree calling for their arrest on a broad charge of having been guilty of bringing about the military commotion in July and earlier. Rewards, ranging from \$10,000 to \$30,000 were publicly offered for their delivery into custody.

As an afterthought, the photograph of one of those placarded was removed, Gen. Chi-kuei's because of indignity to the uniform which he was known to be wearing. A new picture is being sought which will present him in civilian garb. Similar measures are contemplated with respect to General Hsu Shucheng (Little Hsu) who also appears in uniform. Little Hsu has the distinction of being the most pressingly wanted, to judge from the fact that his capture is the only one valued as high as \$30,000. The others and rewards for their arrest are:

Tseng Yu-chun, former Minister of Communications, \$20,000.

Li Shih-hao, former Minister of Justice, \$10,000, Liang Hung-chi, chief secretary of the senate, \$10,000, Tuan Chi-kuei, erstwhile commander-in-chief of Field Marshal Tuan Chi-jui's combined armies, \$10,000.

Yoa Chen, president of the supreme court, \$10,000.

Yoa Kuo-chen, vice Minister of Communications, \$10,000.

It is announced that the men sought will be given civil trials if arrested. In the meantime the authorities are taking charge of their property both real and personal to be held pending the outcome of such trial.

A new list of minor offenders is reported to be in process of preparation embracing practically all members of the political activities. Besides a presidential decree is going forth dissolving all branch organizations in all provinces where they exist. The local headquarters of the Anfu club have been searched and the doors sealed.

ROOMS WANTED

Owing to the large number of delegates expected in the city during the State and National Anti Horse Thief Association convention, it will be necessary to have some extra rooms. Any one having rooms to rent for Wednesday and Thursday nights will please telephone the Pacific hotel on Wednesday. Committee A. H. T. A. 158.

KERENSKY IS VISITING IN LONDON

London.—Alexander Kerensky, leader of the first Russian Revolutionary government, has just concluded a short holiday here.

In statements to newspapermen he said he was of the opinion that bolshevism was dying a natural death in Russia but he considered that support given to a dictator from outside would unite all classes of the population on the side of the Soviet government.

Although he at one time made himself personally responsible for the safety of the Russian Imperial family, Kerensky was reticent about his last meeting with the late Emperor Nicholas. "I intend shortly to make an important statement on this subject," he told the Evening Standard.

October 27th, the anniversary of the birth of Theodore Roosevelt, is to be celebrated in many cities as an "All America Day."

AUSTRIA HOLDS ELECTION THIS FALL

Elects New Assembly Three Weeks Before Presidential Election in This Country—Little Change in Personnel is Predicted.

Vienna, Oct. 2.—Just three weeks before the presidential ballot in America, Austria will elect on Oct. 17 a new National Assembly and the campaign is now at the top of the curve.

Beginning with the recess of parliament the two dominant parties, the Christian Socialists and the Social Democrats, went on the stump and the contest is waging with all the bitterness and reproach, recrimination, charges and counter charges that are the natural outcome of an enforced coalition government which failed to satisfy the mass of either party. On the one side are grouped the radical elements and on the other, under the general title of Christian Socialists, all the conservative factions that range from real democracy along moderate western lines to monarchists.

In the center stands the Grosse Deutsche party. Broadly it is grouped with the Conservatives, but its course in the present Assembly has been to vote this way and that on vital measures obviously to preserve its strong balance of power in the house and to strengthen its hands in the coming elections by an appeal to both factions.

The Assembly now stands 79 Christian Socialists, 81 Social Democrats and 26 Grosse Deutsche deputies.

Political observers generally agree that the complexion of the next Assembly will not be materially altered and that another coalition ministry must be looked for. They predict that both the big parties will lose slightly to the Grosse Deutsche giving it a position of greater advantage and strength in a new coalition ministry than it has yet enjoyed.

General opinion is that in such an event the Grosse Deutsche group will ally itself wholly with the right in all important measures and issues. This is conceded by the election official of the Socialists which joins the Christian Socialist and Grosse Deutsche parties in blame for the failure of the present government to put thru the reforms the Socialists advocated.

HOLDS RECORD FOR CHEAP BITUMINOUS COAL

Springfield, Ill. — The national record for cheap bituminous coal is held by this city at a figure of \$4.42 per ton, according to the United States bureau of labor statistics just made public. This coal is selling in Los Angeles at \$17 per ton while the average for the country is said to be \$19.18 while anthracite coal averages \$14.13.

The reason for this Springfield price is attributed to the fact that this city is located in the heart of the soft coal mining district. At Peoria this is quoted at \$6.37 per ton, Chicago at \$8.41 and St. Louis at \$6.65.

A QUIET LIFE

William Hefflin, of Lewistown, who celebrated his 86th birthday, has never in his life taken a ride on an interurban line or a railroad train, says the McDonough Democrat. He went to Vermont, Fulton county, in 1854, coming from Ohio by wagon, and since entering that county 66 years ago has never been outside of it. Once he took an auto ride, and on another occasion went to the local depot, where he took a look at the interior of one of the railroad coaches by gazing in thru the window.

CAMPAIGN AGAINST CORN WORM PLANNED

Springfield, Ill. — A vigorous campaign for the extermination of the corn ear worm which is reported to be causing a loss to the Illinois State Canners association of nearly \$2,000,000 annually, is planned by the State Department of Registration and Education, according to Dr. F. W. Shepardson, director of the department.

The corn ear worm, which is causing this loss to the canners throughout this state thru damage to the sweet corn, is stated to be none other than the boll weevil, the destructive effects of which have become so notorious thru the cotton belt of the south.

Thirty-six canning factories had 39,793 acres of sweet corn under cultivation during the past season in Illinois. The average loss per acre from the pest is estimated at \$50 per acre.

POST NAMES OF POLITICAL OFFENDERS

Authorities of Peking Offer Re-
wards for Men Who Betrayed
Their Country.

Peking—The fall of the "Anfu clique," commonly identified as the pro-Japanese party of China because of the facility with which the Japanese have concluded plans with China in exchange for valuable concessions and privileges during the period of its predominance, is seemingly complete and irrevocable. So complete is the collapse that its chief representatives are at the moment in hiding with prices on their heads.

For five days every avenue leading from the legation quarter has been watched day and night and every passer-out, Chinese or foreign, has been subject to inspection, on the suspicion amounting to belief that those wanted are harbored in some one or several of the legations and that they will eventually try to escape from the city. Likewise all city gates are closely guarded to prevent passage of any of the proscribed list.

It is customary in Peking to post in railway stations and places generally where people congregate posters with the picture of persons known to be pickpockets, sneak thieves or burglars. Never before, however, in the memory of the oldest resident, have men who have occupied high places of

authority in affairs of the nation been so placarded.

This time, however, the streets were "billed" with cuts and descriptions of a half dozen of the chief political offenders, subjects of a presidential decree calling for their arrest on a broad charge of having been guilty of bringing about the military commotion in July and earlier. Rewards, ranging from \$10,000 to \$30,000 were publicly offered for their delivery into custody.

As an afterthought, the photograph of one of those placarded was removed, General Chi-kuei's because of indignity to the uniform which he was known to be wearing. A new picture is being sought which will present him in civilian garb. Similar measures are contemplated with respect to General Hsu Shucheng (Little Hsu) who also appears in uniform. Little Hsu has the distinction of being the most pressingly wanted, to judge from the fact that his capture is the only one valued as high as \$30,000. The others and rewards for their arrest are:

Tseng Yu-chun, former Minister of Communications, \$20,000.

Li Shih-hao, former Minister of Justice, \$10,000. Liang Hung-chi, chief secretary of the senate, \$10,000.

Tuan Chi-kuei, erstwhile commander-in-chief of Field Marshal Tuan Chi-jui's combined armies, \$10,000.

Yao Chen, president of the supreme court, \$10,000.

Yao Kuo-chen, vice Minister of Communications, \$10,000.

It is announced that the men sought will be given civil trials if arrested. In the meantime the authorities are taking charge of their property both real and personal to be held pending the outcome of such trial.

A new list of minor offenders is reported to be in process of preparation embracing practically all members of the political activities. Besides a presidential decree is going forth dissolving all branch organizations in all provinces where they exist. The local headquarters of the Anfu club have been searched and the doors sealed.

ROOMS WANTED
Owing to the large number of delegates expected in the city during the State and National Anti Horse Thief Association convention, it will be necessary to have some extra rooms. Any one having rooms to rent for Wednesday and Thursday nights will please telephone the Pacific hotel on Wednesday.

KERENSKY IS

VISITING IN LONDON

London—Alexander Kerensky, leader of the first Russian Revolutionary government, has just concluded a short holiday here.

In statements to newspaper men he said he was of the opinion that bolshevism was dying a natural death in Russia but he considered that support given to a dictator from outside would unite all classes of the population on the side of the Soviet government.

Although he at one time made himself personally responsible for the safety of the Russian Imperial family, Kerensky was reticent about his last meeting with the late Emperor Nicholas. "I intend shortly to make an important statement on this subject," he told the Evening Standard.

October 27th, the anniversary of the birth of Theodore Roosevelt, is to be celebrated in many cities as an "All America Day."

AUSTRIA HOLDS ELECTION THIS FALL

Selects New Assembly Three
Weeks Before Presidential Elec-
tion in This Country—Little
Change in Personnel is Pre-
dicted.

Vienna, Oct. 2.—Just three weeks before the presidential ballot in America, Austria will elect on Oct. 17 a new National Assembly and the campaign is now at the top of the curve.

Beginning with the recess of parliament the two dominant parties, the Christian Socialists and the Social Democrats, went on the stump and the contest is waging with all the bitterness and reproach, recrimination, charges and counter charges that are the national outcome of an enforced coalition government which failed to satisfy the mass of either party. On the one side are grouped the radical elements and on the other, under the general title of Christian Socialists, all the conservative factions that range from real democracy along moderate western lines to monarchists.

In the center stands the Grosse Deutsche party. Broadly it is grouped with the Conservatives, but its course in the present Assembly has been to vote this way and that on vital measures obviously to preserve its strong balance of power in the house and to strengthen its hands in the coming elections by an appeal to both factions.

The Assembly now stands 79 Christian Socialists, 81 Social Democrats and 26 Grosse Deutsche deputies.

Political observers generally agree that the complexion of the next Assembly will not be materially altered and that another coalition ministry must be looked for. They predict that both the big parties will lose slightly to the Grosse Deutsche giving it a position of greater advantage and strength in a new coalition ministry than it has yet enjoyed.

General opinion is that in such an event the Grosse Deutsche group will ally itself wholly with the right in all important measures and issues. This is conceded by the election general of the Socialists which joins the Christian Socialist and Grosse Deutsche parties in blame for the failure of the present government to put thru the reforms the Socialists advocated.

HOLDS RECORD FOR CHEAP

BITUMINOUS COAL

Springfield, Ill.—The national record for cheap bituminous coal is held by this city at a figure of \$4.42 per ton, according to the United States bureau of labor statistics just made public. This coal is selling in Los Angeles at \$17 per ton while the average for the country is said to be \$19.18 while anthracite coal averages \$14.13.

The reason for this Springfield price is attributed to the fact that this city is located in the heart of the soft coal mining district. At Peoria this is quoted at \$6.37 per ton, Chicago at \$8.41 and St. Louis at \$6.65.

William Hefflin, of Lewistown, who celebrated his 86th birthday, has never in his life taken a ride on an interurban line or a railroad train, says the McDonough Democrat. He went to Vermont, Pal-ton county, in 1854, coming from Ohio by wagon, and since entering that county 66 years ago has never been outside of it. Once he took an auto ride, and on another occasion went to the local depot, where he took a look at the interior of one of the railroad coaches by gazing in thru the window.

CAMPAIGN AGAINST CORN WORM PLANNED

Springfield, Ill.—A vigorous
campaign for the extermination of
the corn ear worm which is re-
ported to be causing a loss to the
Illinois State Canners association
of nearly \$2,000,000 annually, is
planned by the State Department
of Registration and Education, ac-

cording to Dr. F. W. Shepardson,
director of the department.

The corn ear worm, which is
causing this loss to the canners
throughout this state thru damage to
the sweet corn, is stated to be
the Illinois State Canners associa-
tion none other than the boll weevil,
the destructive effects of which
have become so notorious thru-
out the cotton belt of the south.

Thirty-six canning factories had
39,793 acres of sweet corn under
cultivation during the past sea-
son in Illinois. The average loss
per acre from the pest is estimat-
ed at \$50 per acre.

SOVIET RULE IN GERMANY IS DREAM

So Declares William Dittman — German Workmen Would Not Submit to Dictatorship of Few.

Berlin. — Only remancers and dreamers believe that the Red army will eventually strike at Germany and seek to establish a soviet here with the aid of which it will make war on France, declares Wilhelm Dittman, the independent socialist member of the Reichstag.

Dittman, who was one of the German delegates to the Moscow communist congress, in an article in the Freiheit turns upon Bolshevism, which, he declares, is an impossible system which can exist only in Russia because of the "crass ignorance of the Russian peasants."

"German workmen," he goes on, "who are not two-legged beasts but upstanding human beings, would never submit to the dictatorship of a few." He says they have nothing in common with men who "are neither socialists nor communists and generally have only a vague understanding of politics, government and society."

"They are mostly unable to read and write," Dittman continues, "and their horizon hardly

DOCTOR CUPID

That love sometimes cures disease is a fact that has been called to the attention of the public by a prominent physician. Love is not, however, the cure for all women. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of.

Doctor Pierce's Favorite Prescription gives new life and new strength to weak, worn-out, run-down women. "Favorite Prescription" makes weak women strong and sick women well. It is now sold by all druggists in the United States in tablets as well as liquid form.

Kokomo, Ind. — "Some time ago I felt 'draggy' and worn-out and greatly in need of a tonic. A friend suggested to me to try Dr. Pierce's Favorite Prescription. I had taken other tonics but I never took anything that helped me so quickly as the 'Favorite Prescription.' It was not an unpleasant medicine to take and my whole system seemed to be benefited." — Mrs. Flossie Coop, 2108 N. Market Street.

extends beyond their own thresholds, as might have been the case of the German peasants of the middle ages. And these men constitute 75 per cent of the entire population of the country. "Blind reaction and high ardor have idealized soviet Russia as a land where all the wrongs of the proletariat have an end. Hitherto, the exclusion of soviet Russia from western Europe has helped to crystallize and firmly establish these illusory conceptions," Dittman concludes.

Duncan McDonald, Farmer-Labor candidate for congress, will deliver an address in Central Park Thursday night. All are invited. In case of rain meeting will be in Court House.

WORK OF LOCAL SCHOOL FOR DEAF REVIEWED

Most of State's Deaf Mutes, it is said, Have Had Training in Illinois School for Deaf — Long Record Surpassed by Only One Other School.

For four score years the Illinois school for the Deaf established in 1839 and now under the control of the State Department of Public Welfare, has carried on its work of making self-sustaining citizens of those who otherwise might have been classed as dependents.

Of the approximately 3,000 deaf mutes in Illinois, most of them, it is said, have had training in this school. Of this number 1,600 are males and 1,400 females, while about 2,500 are adults and about 500 are children under 15 years of age. The school now has enrolled 341 children, 180 boys and 161 girls. The annual cost of upkeep of the institution is approximately \$200,000.

The school is now considered a vital part of the educational system of the state. No longer is it designated as a deaf and dumb asylum, but rather a boarding school.

The school has vocational training with full time instructors in woodworking, printing, linotyping, painting, baking, laundry working and shoemaking. Elementary instruction in fine arts and a thorough course in photography, cooking and sewing are also provided. An innovation, social service courses, to equip the students to work among the deaf people of the state, has been fully justified, it is reported.

The school maintains gardens, fruit orchards, a moderate sized farm, and a dairy herd claimed to be one of the best in the state.

Specially trained teachers are required for the educational work. Lip reading and the alphabet system are taught. The sign language is picked up by the children among themselves and new signs are constantly being developed which spread quickly and are soon incorporated into the vocabulary. Instructors declare the most difficult problem is in teaching the children English. Notwithstanding this many become highly proficient in writing English. A number of linotype operators in the state, employed on newspapers, were former students of this school.

Only one other institution in the state has had a longer record. This is the state penitentiary, now at Joliet, which was established at Alton 90 years ago.

PLAN AN ART CIRCUIT FOR CENTRAL ILLINOIS

A central Illinois art circuit will almost certainly be the result of a conference of representatives of art interests in a number of central Illinois cities which was held after the better community conference held at Champaign last week.

Dr. A. R. Taylor, president of the Art Institute of Decatur, and Robert Lahr, head of the art department at Millikin University, represented this community in the art section of the general conference and after its adjournment took up the matter of forming a circuit for the handling of exhibits with the several cities in this part of the state. Decatur, Peoria, Jacksonville, Bloomington and Aurora are expected to form such a circuit and Dr. A. R. Taylor of Decatur, Mrs. H. T. Willson of Springfield and James M. Cowan of Aurora were appointed as a committee to complete the details.

Hudson and Essex Cars Return to Bedrock Prices

Reduced \$200 to \$450

Thousands have planned to buy Hudson and Essex cars this Fall. For five years the Super-Six has been the world's largest selling fine car. In eighteen months Essex sales made an unmatched record. What must now be the demand for them at these bedrock prices? But labor and material shortages in early summer had forced reductions in schedules for Fall and Winter. And now the return to normal in prices assures such an immediate increase in sales that a scarcity of Hudson and Essex cars seems certain.

Choose your car now. Learn how the price reduction increases its attractiveness. And remember that in either Hudson or Essex you obtain exclusive motors for they are patented.

You can save \$200 to \$450. Act promptly if you want delivery this Fall.

Hudson and Essex Cars Return to Bedrock Prices

Reduced \$200 to \$450

Thousands have planned to buy Hudson and Essex cars this Fall. For five years the Super-Six has been the world's largest selling fine car. In eighteen months Essex sales made an unmatched record. What must now be the demand for them at these bedrock prices? But labor and material shortages in early summer had forced reductions in schedules for Fall and Winter. And now the return to normal in prices assures such an immediate increase in sales that a scarcity of Hudson and Essex cars seems certain.

Choose your car now. Learn how the price reduction increases its attractiveness. And remember that in either Hudson or Essex you obtain exclusive motors for they are patented.

You can save \$200 to \$450. Act promptly if you want delivery this Fall.

Story's Exchange

CITY PROPERTY

(a) On North Main street, a five room cottage, electric lights, gas, furnace, garage and garden, \$3250.
(b) In the second ward a fine bungalow of seven rooms, oak floors, oak finish and fine interior decorations; full basement concreted; new garage. This is a prime, completely equipped home. \$6000.
(c) On West North street a seven room house modern throughout, oak floors, good barn and chicken house. \$4500. This is close in and very convenient.
(d) In the first ward we have a house of ten rooms near the car line in a nice quiet location. East front, nice lawn with garden. Hot water heat, completely equipped bath room, well, cistern, concrete, outside cellar. Barn and several varieties of fruit. This priced for quick sale and is a rare bargain at \$2000.

FARM PROPERTY

(1) Northwest of the city we have 80 acres nearly all good farming land with fair improvements. \$200 an acre.
(2) Southwest of the city 80 acres, one-half excellent farming, balance somewhat rolling, with excellent improvements, with everything in first class shape, \$225 an acre.
(3) 100 acres fine black land, all new improvements, one and one-half miles out of a good town at \$350 an acre.
(4) 100 acres south of the city; 70 acres in cultivation, balance rolling to rough grass land; well fenced with good set of improvements, all nearly new. \$150 an acre.
(5) Just outside the city we have one of Morgan county's best farms, every foot "A No. ONE" with a complete set of improvements of the best quality. Just listed and will soon be sold at \$500 an acre.

Quality, Style, Price, Economy---That's the Gardner Light Four

The Gardner Light Four in not a "war prod-
uct" and has never had an inflated price. The
manufacturers for the present will be selling at
cost. The company appreciates that manufac-
turing conditions do not warrant this cut, but

realizes it is expected by the buying public, and
trusts to cooperation on the part of sources of
supply to enable them to go through with their

The Gardner Motor Company,
St. Louis, Mo.
Gentlemen:

Probably you will be interested to learn something of the experience I have
had with my Gardner car during the past six months that I have had it in use.
I am frank to confess that when I gave you my order I was relying prin-
cipally upon the reputation of the name "Gardner" and to some extent, the re-
putation of the manufacturers of the motor, electric system, battery, etc.

Now, after six months, with a mileage over 4500 to its credit and never hav-
ing been in the shop except at 1000 miles for valve adjustment, I feel that my
confidence in Gardner was not misplaced. I have had the carbon removed but
once, at 2400 miles, and have never had the valves re-ground. You may judge
of the condition of the cylinders, pistons and valves, when I advise you that to-
day, after standing four hours, the motor started on compression.

I am getting approximately 15 miles to the gallon of gasoline. I am con-
fident this consumption would run at least 15 per cent better if I did not con-
fine my driving almost entirely to short city runs.

The original tires are still in use and the one showing the greatest wear will
give at least 3000 miles more without question.

If I can be of service to you, do not hesitate to call on me.

Very truly yours,
LEWIS FELLING MACHINE CO.

The Gardner Motor Co.,

Gentlemen:

The Gardner car is meeting with a very enthusiastic reception in the West
and as far as appearance and construction are concerned we have little trouble
in selling the little car, as your motto which is used in Gardner advertising, "It
speaks for itself," always proves quite true.

In order to show the buying public out here in California that the Gardner
could really perform, we put a practically new touring car over a 333 mile grind
in which it travelled over two of the highest passes of the Sierra Nevada range.
The car had both radiator and hood sealed, carried five passengers and baggage.
It used one quart of oil and one gallon of water on the trip.

The story of this trip appeared on the front page of the motor section of
our local newspaper, and attracted no end of attention.

Under separate cover, we are mailing you a copy of the Stockton Record of
August 28th issue. Look the story over and it will probably give you a feeling
of satisfaction in knowing that the little Gardner Four speaks for itself out West.

Yours very truly,
J. C. SKINNER COMPANY.

The Gardner Light Four—attractive in designs—satisfactory in performance—low in price, repair, gasoline
and oil bills—built on the principle of seeing how much value can be given rather than how little—the one
